Azrieli Group

BUSINESS CARD

The Azrieli Group is focused on the income-producing real estate sector and is Israel's largest real estate company.
In the shopping mall sector, the Group holds several leading malls, including Azrieli Jerusalem mall, Azrieli Tel Aviv mall, Azrieli Ayalon mall, and Azrieli Mall Hayam in Eilat. The Company also holds and manages office properties, including some of the most prominent in Israel, such as the Azrieli Tel Aviv Center and Azrieli Sarona tower. The Company also operates in the senior housing sector, and as of the report date manages four active senior homes. In the residential rental sector, in 2022 the Company commenced occupancy of the ~210-apartment residential tower at Azrieli Town built by the Company; and in the report period, the Company won a tender for construction of a project in Herzliya, as detailed in Section 1.2.3.7 below. In the United States, the Company holds several office buildings, mainly in Houston and Austin, Texas. The Company holds full ownership of Green Mountain, a company operating in the Data Center industry in Norway. During the report period, the Company completed the acquisition of a company operating in this industry in London, as detailed in Section 1.2.3.2 below. The Company also has a holding of approx. 32.5% in a company operating mainly in the Data Centers industry in North America, and as the Company reported on June 20, 2023, the Company's partners in Compass have engaged in an agreement for the sale of holdings in Compass, and the Company will tag along and sell its holdings in Compass, as stated in Section 1.2.3.8 below. In addition, the Company holds the Mount Zion Hotel in Jerusalem, and in the report period the Company acquired the Red Rock hotel in Eilat, as detailed in Section 1.2.3.6 below.
Azrieli Group has an extraordinary pipeline of hundreds of thousands of square meters of office, retail, residential rental and senior housing space, in projects which will contribute significantly to the Group's future growth. In addition, we constantly invest in the preservation of the quality and value of our current property portfolio.
In addition to its real estate operations, the Group owns the Azrieli.com e-commerce platform and, as of the report date, has a financial holding of Bank Leumi stock (approx. 2.3%).
Azrieli Group's financial strength puts it in a class of its own among real estate companies. The Company has low leverage, with a net debt to assets ratio of just 37%. We target the best locations for our properties, to provide good transportation access over time and form a significant part of their urban environment. The location and quality of the properties are planned to serve as the best platform for our malls' tenants and visitors. As Israel's leading and strongest real estate group, Azrieli Group intends to continue its work in the real estate sector, and lead the development and management of high-quality, modern and innovative income-producing properties in Israel and overseas.
The Group will continue to focus on its core business, while investing in new growth engines and applying advanced technologies.

2 | INCOME-PRODUCING REAL ESTATE

2.1. Business Environment

The business environment in which the Company operates is described in Section 6 of Chapter A of the 2022 Periodic Report, which is included herein by reference. In July 2023, the Bank of Israel's Research Department released a macroeconomic forecast prepared on the basis of a scenario in which the dispute surrounding the legislative changes in the judicial system is resolved in a manner that does not affect economic activity going forward. According to this forecast, Israel's GDP is expected to grow by 3% in 2023 and in 2024. The rate of inflation in the next four quarters is expected to be 3.0% and in 2024, 2.4%. In addition, according to the forecast, in the second quarter of 2024 the interest rate is expected to be 4.75%/5%[6]. The Bank of Israel lists three main risk factors to this forecast: A risk that the legislative changes in the judicial system will be accompanied by an increase in the country's risk premium that will be accompanied by a depreciation of the shekel, an adverse impact on exports, a decline in domestic investments and demand for private consumption; a risk arising from a relatively slow decline in the pace of inflation in the eurozone and the US, which may lead to higher domestic inflation and more restraining monetary policy; and a risk from the continued decline in investments in Israeli startup companies, which has begun recently and is apparently stronger than the declines in investments in startups abroad, which have even recovered to some extent in contrast to investments in startups in Israel.

The Company has loans and bonds linked to the CPI. The rise in the CPI which characterized 2022 continued also during the Report Period in which the CPI rose by 2.46% and led to an increase in the Company's financing costs. Conversely, the Company's income-producing real estate in Israel, which as of the report date is estimated at approx. NIS 33.6 billion, is leased under index-linked lease agreements, and from an economic point of view, the Company sees this as long-term inflationary protection. Consequently, as a rule, a rise in the CPI results in an increase in the Company's revenues from the lease of properties in Israel and an increase in the fair value of these properties accordingly.

Due to the said rise in inflation, the Bank of Israel raised the interest rate several times during 2022-2023, such that as of the Report Release Date, the interest rate is 4.75% (in July 2023, the Monetary Committee decided to leave the interest rate unchanged at 4.75%). The Company funds its operations mainly by fixed-interest loans, and the amount of variable-interest loans is negligible. As a result, exposure to changes in short-term interest is low.

The Company determines the fair value of its properties, *inter alia*, using the cash flow discounting method, in which the future cash flows from the properties are discounted using a cap rate. The cap rate can be affected, *inter alia*, by the market risk-free interest rate. It is noted that the margin between the weighted cap rate and the weighted cost of debt or the current marginal financing cost of the Company remains high, also compared to previous periods.

The Residential and the Retail and Offices Construction Input Indices also rose in the Report Period by 1.5%. The increase in the Construction Input Indices causes a rise in the Company's construction costs in the various projects across the country, because the agreements in which the Company engages with the construction contractors are linked to these indices.

The legislative changes promoted by the government in the Israeli judicial system are causing significant disputes and have also led to wide public protest. The judicial reform was suspended for some time by the government, but at the end of the second quarter of 2023 the legislative proceedings were resumed, and on July 24, 2023 an amendment was passed to the Basic Law: The Judiciary, cancelling judicial review on grounds of reasonableness of decisions by the government, the prime minister and ministers. Petitions were filed with the High Court of Justice against the said legislative amendment, which are scheduled to be heard in September 2023 before a special panel of all Supreme Court justices.

[6] Bank of Israel – press release dated July 10, 2023, The Macroeconomic Forecast of the Research Division, July 2023. Bank of Israel website: https://www.boi.org.il/publications/pressreleases/a10-07-23/ [Link to English-language press release: https://www.boi.org.il/en/communication-and-publications/press-releases/b10-07-23/]

The Report on Financial Stability for the First Half of 2023, released by the Bank of Israel in early August 2023[7], states that the domestic financial system is still stable, but was affected in the reviewed period by two main factors: one, the continued tightening of the monetary policy and slowed economic growth in Israel and worldwide; and two, uncertainty surrounding the impact of the legislative changes in the Israeli judicial system on the functioning of the economy and the financial system on the whole. According to the report, if such processes – in Israel and worldwide – intensify, they may pose a challenge to the system in the medium term. It was further stated that the uncertainty surrounding the legislative changes has raised the country's risk premium and was accompanied by a depreciation of the exchange rate, which contributed to an increase in inflation, a decline in stock prices and higher volatility in the foreign exchange market and the financial markets.

Similarly to the Bank of Israel, international rating agencies also warn of the impact of the legislative changes on the Israeli economy, and rating agency Moody's has even downgraded Israel's rating outlook.

As of the date of release of this report, and in view of the fact that the events are dynamic and characterized by significant uncertainty as to, *inter alia*, the pace of economic growth in Israel and worldwide, the legislative changes in the Israeli judicial system and their future impact on the Israeli economy, the Company cannot assess the said impact on its future business, since the degree of impact depends on the degree and scope of materialization thereof. It is the Company's assessment that such factors may have material adverse effects on the global and domestic economy, including on some of the markets and sectors in which the Company operates, as well as on some of the tenants in the Group's properties. The Company's management estimates that in view of its financial strength, taking into account the total cash and cash equivalents available thereto, low leverage and a significant portfolio of unmortgaged properties, a long loan duration and its ability to raise financing under favorable conditions, and in view of the broad dispersion of the Company's asset portfolio, variety of tenants and business segments, the Company will be able to continue financing its activity and meeting its liabilities.

*The Group's aforesaid estimations with regards to the changes in the income-producing real estate sector in Israel and their effect on the Group's results are merely subjective estimations and constitute forward-looking information as defined in the Securities Law, 5728-1968 (the "**Securities Law**"). Actual results and effects may materially differ from the aforesaid estimations and what they imply, for various reasons, including the further intensification of competition, a decline in demand, a significant deterioration of the Israeli and global economy, and various effects of legislative changes.*

2.2. The Covid Pandemic

In early May 2023, the World Health Organization determined that the Covid pandemic is no longer defined as an international health emergency due to the decline in mortality from the pandemic. In accordance with the aforesaid, at present, the impact of morbidity on economic activity is insignificant.

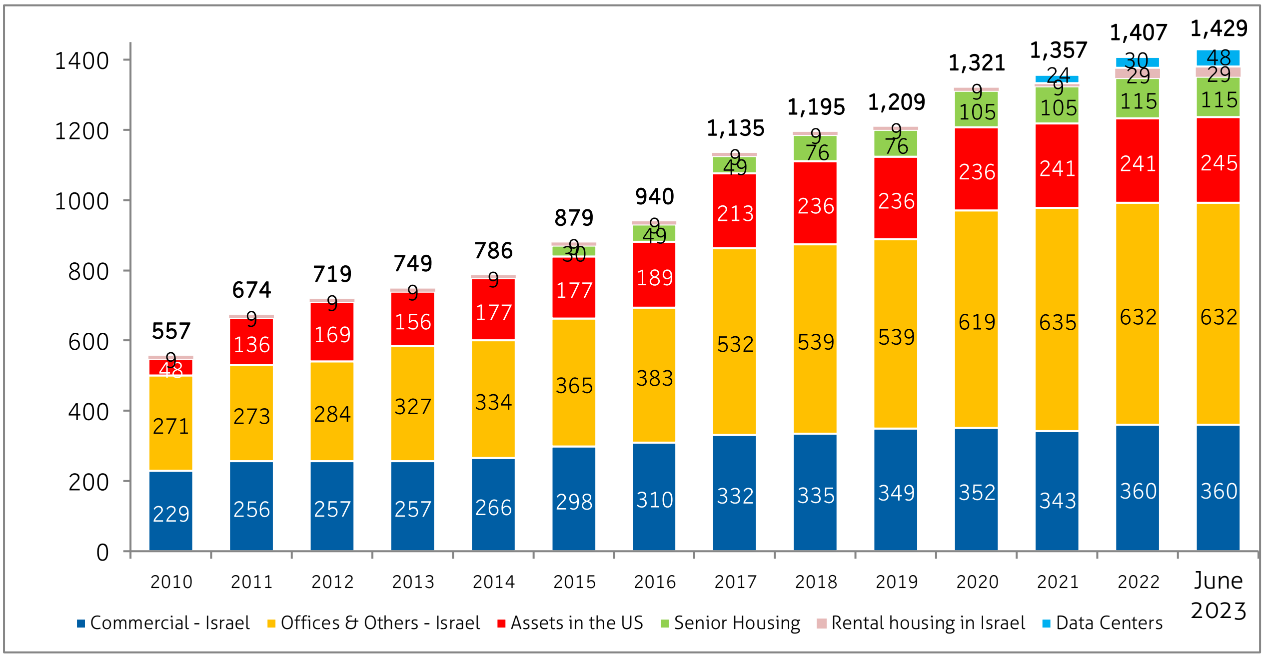
2.3. Consolidated GLA (Gross Leasable Area) Data

As of June 30, 2023



The figures are in thousands of sqm. The areas are according to the Company's share.

2.4. Average Occupancy Rates in the Income-Producing Properties

Below are the average occupancy rates in the Group's income-producing properties by operating segments as of June 30, 2023:

- In retail centers and malls in Israel – approx. 99%;[8]
- In leasable office and other space in Israel – approx. 98%;[8]
- In income-producing properties in the U.S. – approx. 68%;
- In senior housing in Israel – approx. 97%;[8]
- In data centers – approx. 97%;[9]
- In rental housing in Israel – approx. 100%.[8]

2.5. NOI of the Properties

Net Operating Income (NOI) is a measure that presents the net operating income of the properties: income after the deduction of the property's operating expenses and prior to the deduction of taxes and interest. It serves as one of the important parameters in the valuation of income-producing real estate companies, as its division by the appropriate cap rate for the properties provides an indication for the determination of the value of income-producing properties[10]. In addition, after deduction of the current maintenance expenses incurred to preserve the property's condition, NOI is used to measure the free and available cash flow for the service of financial debt undertaken for the purpose of funding the purchase of the property.

[8] Excluding areas in properties whose construction has been completed and which are in lease-up stages for the first time.
[9] The average occupancy rate was calculated based on the figures of the lease agreements according to a weighted average of GM, the English Companies that were acquired and Compass, with Compass presented according to the rate of the Company's holding in Compass (approx. 32.5%). The occupancy rate does not include areas under construction.
[10] Additional indications are, for example: The market value of similar properties in the same area and the sale prices of similar properties in recent transactions.

We wish to emphasize that these parameters do not present cash flows from current operations according to generally accepted accounting principles, nor do they reflect cash available for the funding of all of the Group's cash flows (including its ability to make distributions), and they are not meant to be deemed as a substitute for net profit in the evaluation of the results of the Group's operations.

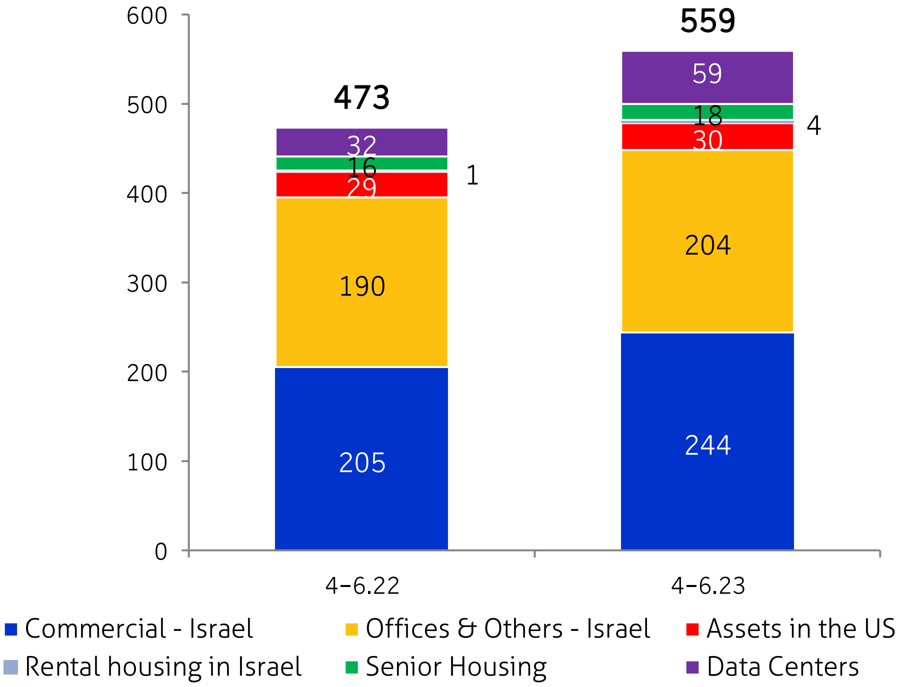
2.5.1. NOI Data

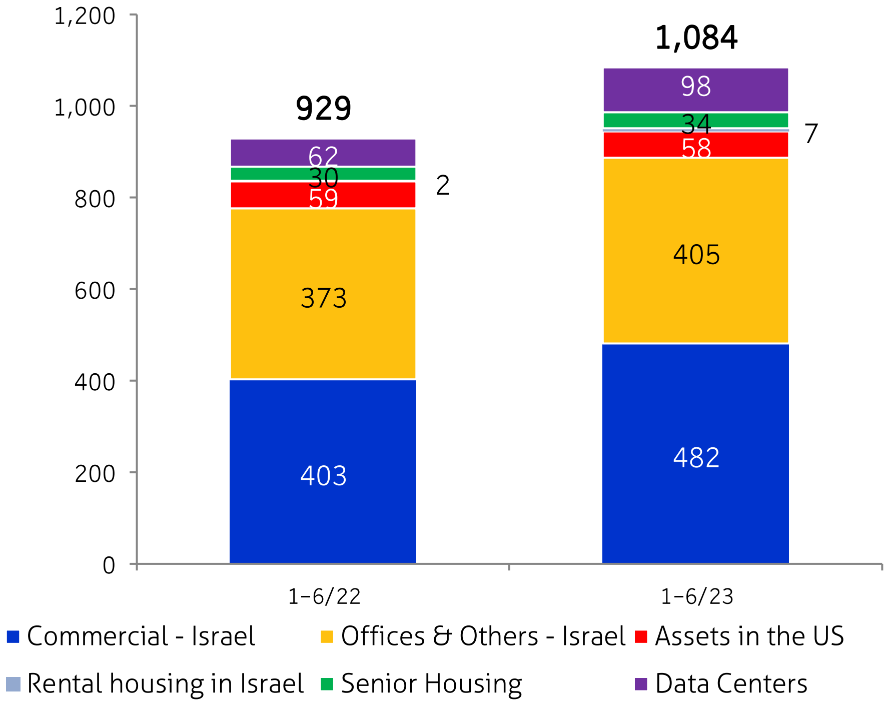
For the purpose of calculating the NOI, on the revenues side – all proceeds from tenants are taken into account (including rent, management fees and other payments), and for the purpose of calculating the costs – all operating expenses in respect of the properties are taken into account, including management, maintenance and other costs.[11]

The NOI figures for the income-producing real estate portfolio are as follows:[12]

[11] The Group prepares its financial statements based on international standards, and consequently, in the calculation of the cost of leasing and operating the properties classified as investment property, depreciation was not taken into account. Furthermore, for the purpose of calculating the aforesaid parameters, profit from the revaluation of properties was not taken into account.
[12] Including properties from the segments: retail centers and malls in Israel; leasable office and other space in Israel; income-producing properties in the U.S.; senior housing; data centers and rental housing in Israel.

NOI





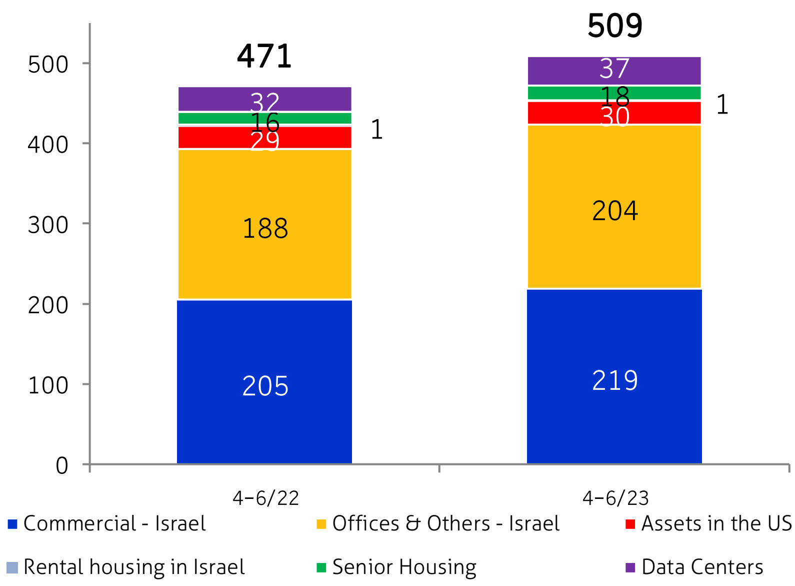
Figures are presented in millions of NIS.

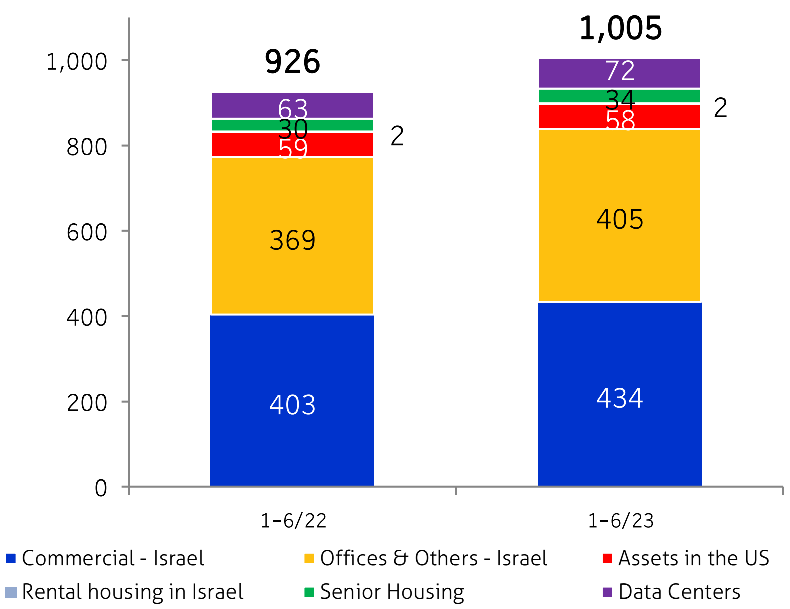
For explanations with respect to the change in the NOI, see Sections 2.9, 2.10, 2.11, 2.12, 2.13 and 2.14 below.

2.5.2. Same-Property NOI Data

NOI is affected by changes in the property portfolio. That is to say, the sale of a property or the addition of a new property to the Company's portfolio is reflected in a change in the NOI. Contrarily, the Same-Property NOI index discounts such changes and allows for an examination of changes in the profitability of the same portfolio of the Group's properties over time. For the purpose of calculation thereof, only properties that were part of the Group's property portfolio throughout the analysis period are taken into account. In the Report Period and the same period last year, this measure was as follows:

Same-Property NOI





Figures are presented in millions of NIS.

The increase in the Same-Property NOI was mainly affected by the increase in the retail centers and malls in Israel segment and the leasable office and other space in Israel segment, which derived from rent increases upon tenant changes and from rises in the CPI because the lease contracts are linked to the CPI.

2.6. Weighted Cap Rate

The following table shows the calculation of the weighted cap rate derived from all of the Group's income-producing real estate, excluding senior housing[13], excluding data centers[14], excluding rental housing[15] and excluding the Mount Zion Hotel and the Red Rock Hotel[16] as of June 30, 2023:

Financials are presented in millions of NIS.

(1) The figure includes adjustment to NOI as included in the valuations as of June 30, 2023, and therefore includes, *inter alia*, additional NOI for vacant space not yet fully occupied and space that was and shall be occupied during 2023 for a full year (the main amounts in this item are in respect of the Group's overseas properties, Sarona mall, the office building in Holon on HaManor street, the office building in Petach Tikva and a period of tenant replacements in some of the malls to change the mix).

(2) Standardized annual NOI rate out of total income-producing investment property (including vacant space).

This figure does not constitute the Company's NOI forecast for 2023 and its entire purpose is to reflect the NOI assuming full occupancy for a full year of all of the income-producing properties.

The Company's estimations referred to in this section include forward-looking information, as defined in the Securities Law. This information is uncertain and is based, inter alia, on information pertaining to contractual engagement with tenants as of the report date, parameters in the calculation of fair value and the Company's estimations regarding space occupancy. The actual results may vary materially from the foregoing estimations and the implications thereof, for various reasons, including immediate cancelation of lease agreements or a business crisis of any one of the tenants, or a change in the fair value parameters or non-meeting of the development or occupancy targets.

[13] Since the value of senior housing properties is derived from the FFO indicator, rather than the NOI indicator, such properties were not included in this calculation. The weighted senior housing cap rate as of the Report Release Date is 8.25%.

[14] The data centers properties are partially included in investments in companies accounted for using the equity method, and other properties are in stages of development or a different valuation methodology was used, and therefore, the properties were excluded from investment property.

[15] Since the value of the rental housing properties is derived from comparable transactions and not from the NOI metric, these properties were not included in this calculation.

[16] Presented as fixed assets and is not measured at fair value since it is not included in the definition of investment property.

2.7. Real Estate Business FFO

Funds from Operations (FFO) is a measure that presents the cash flow from the real estate business. It is commonly used worldwide and provides a proper basis for the comparison of income-producing real estate companies. This indicator reflects income from net profit, discounting revenues and expenses of a capital nature and adding the Company's share in real estate depreciation and other amortizations.

This report presents the FFO in respect of the Group's income-producing real estate business.

It should be stressed that FFO does not reflect cash flow from current operations according to generally accepted accounting principles, nor does it reflect cash held by the Company and its ability to distribute the same, and it is not a substitute for the reported net profit. It is further clarified that this indicator is not a figure audited by the Company's auditors.

2.8. The EPRA (European Public Real Estate Association) Indices

Azrieli Group is included in the EPRA Indices. EPRA is an organization that brings together the public income-producing real estate companies in Europe and worldwide. Being listed in the EPRA indices provides Azrieli Group greater exposure to international investors, according to its weight in the index.

In view thereof, the Group has decided to adopt the position paper published by EPRA with the purpose of improving the transparency, uniformity and comparability of financial information reported by real estate companies listed in the index. A report regarding three financial indicators calculated according to such position paper follows.

It is emphasized that the following indicators exclude the component of expected profit from projects under construction not yet recorded in the financial statements.

These figures do not constitute a valuation of the Group, are not audited by the Group's auditors and are not a substitute for the figures contained in the financial statements.

2.8.1. EPRA NRV

The EPRA NRV index is a measure that reflects the net reinstatement value of the Company's net assets on a long-term basis, assuming continuation of future activity and non-disposal of real estate, therefore requiring certain adjustments, such as the exclusion of the deferred taxes resulting from the revaluation of income-producing real estate.

EPRA NRV		
	30.6.2023	**30.6.2022**
Equity attributable to the Company's shareholders in the financial statements	**22,212**	21,430

Plus a tax reserve in respect of the revaluation of investment property to fair value (net of minority interests)	**5,161**	4,677
EPRA NRV	**27,141**	25,870
EPRA NRV per share (NIS)	**224**	213

Figures are presented in millions of NIS, unless stated otherwise.

2.8.2. EPRA NTA

The EPRA NTA index is a measure that reflects the Company's net tangible asset value. The assumption underlying the index is that entities buy and sell assets, leading to adjustment of only part of the deferred taxes resulting from the revaluation of income-producing real estate.

EPRA NTA		
	30.6.2023	**30.6.2022**
Equity attributable to the Company's shareholders in the financial statements	**22,212**	21,430
Goodwill created against a reserve for deferred taxes	**(232)**	(237)

Other intangible assets	**(26)**	(22)
Plus 50% of the tax reserve in respect of the revaluation of investment property to fair value (net of minority interests)	**2,581**	2,338
EPRA Notwithstanding the aforesaid	**23,181**	22,117
EPRA NTA per share (NIS)	**191**	182

Figures are presented in millions of NIS, unless stated otherwise.

2.8.3. EPRA NDV

The EPRA NDV index reflects the net disposal value of the company's assets in case of sale of properties and repayment of liabilities. The index calculation takes into account all of the deferred taxes in respect of appreciation of the value of the properties that will apply upon sale of the properties, and an adjustment to fair value of the financial liabilities is made. It is noted that the index should not be deemed as the value of the company's assets in dissolution, since in many cases the fair value does not represent the value of the properties in dissolution.

2.9. Retail Centers and Malls in Israel Segment

Azrieli Group owns and manages a portfolio of high-quality malls and retail centers throughout the country, which are located in city centers, with convenient access to transportation and often in proximity to train stations. The Company takes a long-term view with respect to its properties, from the stage of locating the land, through the stage of development and construction of properties, to the holding, management and betterment of the properties over years.

Store revenues reported by the Group's mall tenants in the Report Period were approx. 8.1% higher than the same period last year. Store revenues reported by the tenants in March-June 2023 were approx. 4.5% higher than the same period last year.

The Company's aforesaid estimations with regard to the malls' future operations are subjective estimations only and constitute forward looking information as the term is defined in the Securities Law. Actual results may materially differ from the above-specified estimations and their implications, for various reasons inter alia further increase in competition, decrease in demand and deterioration of the economic situation in Israel.

The Group's malls are mostly characterized by the following:

- **Diverse and changing mix** – the malls segment has a dynamic retail mix that is renewed according to the market needs and public preferences. For example, malls were once characterized by significant presence of supermarkets or electronics stores, whereas today the tenant mix in malls has changed. In fashion it is evident that new brands periodically take the place of those which have become less relevant, with international fashion chains becoming more dominant in the market than local brands. The high-quality property portfolio, and the management thereof, grant the Company an advantage which enables it to get leading international fashion brands and to open their flag stores in the Group's malls.
- **A trend of increased store space** – in recent years, increased retail space is demanded by international brands, followed by domestic ones, which seek to combine complementing brands in one store in order to expand the product mix and create an improved customer experience, while increasing the sales.
- **Malls as entertainment venues** – the Company acts to improve the entertainment and dining experience in the malls, through a selection of restaurants and cafés in the malls and renovation of the fast food courts, modern design and added crowd-attracting entertainment options such as the "Zappa" club and cinemas. The Group further acts to create family entertainment and service spaces in its malls, including play areas, diaper changing and nursing rooms.
- **Innovation** – in recent years the Company has been implementing technological improvements into the shopping experience and striving for leadership and innovation in the mall segment, including by way of creating a unique application which grant exclusive discounts to mall attendants and enables direct marketing based on customer preferences. The goal of technological innovation is to enhance customer experience in the mall while combining both digital and physical worlds.
- **Gift cards** – the Group has a designated gift card, Azrieli Time, which may be used in the Group's malls and on its e-commerce platform, Azrieli.com. The card is accepted at all of the Group's malls and covers a huge range of more than 100 dining and entertainment, fashion, shoe and cosmetics brands.

The retail areas in Azrieli Group's malls and retail centers are leased to some 1,940 tenants.

E-Commerce activity – An additional layer of the Group's activity in the digital world is the Azrieli.com website. The website provides an e-commerce platform that integrates into and strengthens the activity of the malls and retail centers through online activity by way of an integrated sale, such as giving the option to order online and collect the product at the Group's malls ("Click & Collect").

Performance of the retail centers and malls in Israel segment and changes in value

Azrieli Group has 21 malls and retail centers in Israel with a total GLA of approx. 360 thousand sqm.

Balance of the properties in the retail centers and malls in Israel segment – totaled approx. NIS 15.4 billion on June 30, 2023, compared with approx. NIS 15.1 billion on December 31, 2022. The change mainly derives from revaluation profits due to the rise in the CPI and from investments in the segment assets. The properties are presented according to valuations prepared by an independent appraiser as of June 30, 2023.

Change due to fair value adjustment of the segment's investment property and investment property under construction – the profit from such adjustment in the Report Period totaled approx. NIS 112 million and mainly derived from the effect of the rise in the CPI on the properties' value, compared with a profit of approx. NIS 329 million in the same period last year.

The table below presents a summary of the business results of the retail centers and malls in Israel segment:

Summary of the Business Results of the Retail Centers and Malls in Israel Segment

NOI	**19%**	**244**	205	**20%**	**482**	403	876

Figures are presented in millions of NIS.

The NOI in the retail centers and malls in Israel segment was affected mainly by the acquisition of Mall Hayam, by the raising of rent in changeovers and by the rise in the CPI since the lease contracts are linked to the CPI.

The table below presents the segment's NOI development:

Figures are presented in millions of NIS.

The Same-Property NOI in the retail centers and malls in Israel segment was mainly affected by rent increases in tenant changeovers and by the rise in the index since the lease contracts are linked to the CPI.

2.10. Office Segment

The Company's portfolio of properties of leasable office space mostly consists of office towers classified as Class A properties, which are located mostly in CBDs, in proximity to major traffic arteries in the heart of the city. The location, quality and positioning of the office space enable the Company to maintain high occupancy rates, and over time increase the rent. The Company develops and builds office projects in significant scopes, which meet the international standards of employment centers in the world's largest cities, in all aspects pertaining to the management of the property and the quality thereof. Furthermore, the Company has leasable office areas which are part of malls, in which small tenants offer services to the public (e.g. medical institutes, health funds and independent service providers). The combination of offices and retail increases customer traffic in these properties. During the Report Period, a reduction was felt in demand in the segment, and a lengthening of the negotiations for the signing of lease agreements.

The Company's leasable office properties are mostly characterized by the following:

- **Positioning** – among the Company's properties are projects which are considered to be leading and very significant in the field of leasable office spaces in Israel, and are an icon in Israeli landscape in general, and in Tel Aviv in particular, such as the Azrieli Tel Aviv Center and the Azrieli Sarona Tower.
- **Location** – the Company engages in the development of leasable office spaces and works to locate, develop and build its properties in this segment in areas which enjoy a high demand for offices. The Company's projects are mostly located in the heart of Israel's CBDs and in proximity to city centers and are characterized by convenient access by both private and public transportation. For example, the Company has several projects in Tel Aviv's northern CBD with both income-producing projects and projects under development and construction.
- **Large floors** – the Company's property portfolio includes a number of projects that can offer large floor spaces. These projects can meet the growing demand by large companies that are interested in creating one central site for employees, and their spread over a smaller number of floors. The planning of the Azrieli Sarona project and the Azrieli Holon center, for example, enables tenant to unite several sites which were previously spread across the country.
- **Building standard** – the Group persistently applies high building standards to all of its properties, as expressed in the architectural design, the properties' functionality and the meticulous attention to high building qualities as well as to details such as new and fast elevators, advanced lighting and more. This is rooted in the long-term vision of properties that will be owned and managed by the Group for many years to come. The Group also complies with international green building standards (LEED) which guide the design, construction and operation of the Group's properties in the segment. Thus, for example, Azrieli Sarona, Azrieli Town and Azrieli Holon HaManor were built in compliance with the LEED Gold standard and Azrieli Rishonim was built in compliance with the LEED Silver standard.
- **Operational efficiency** – the size of the Company's properties facilitates operational efficiency which is reflected, *inter alia*, in the ability to implement technological improvements and infrastructure upgrades, including the installation of complex communication networks and energetic efficiency (LEED certification), enabling large international companies that require compliance with rigorous standards to lease space in the Company's properties. Thus, for example, the strict LEED O&M Gold standard certification was received for the Azrieli Tel Aviv towers and Azrieli Sarona, and LEED O&M Platinum for Azrieli Town.
- **Management** – all of the Group's leasable office spaces are managed by management companies which are subsidiaries of the Company and are committed to high service standard.

Azrieli Group's office areas in Israel are leased to some 820 different tenants. In each one of the Group's properties, there is a mix of tenants coming from various sectors. Some of the Company's office tenants are domestic or international mega-companies.

2.10.1. Performance of the Leasable Office and Other Space in Israel Segment and Changes in Value

Azrieli Group has 15 income-producing properties in this segment in Israel, with a total GLA of approx. 632 thousand sqm.

Balance of the Group's investment property in the leasable office and other space in Israel Segment – totaled approx. NIS 16.5 billion on June 30, 2023, compared with approx. NIS 15.9 billion on December 31, 2022. The change mainly derives from investments in and appreciation of the value of the segment's properties. The properties are presented according to valuations prepared by an independent appraiser as of June 30, 2023.

Change due to fair value adjustment of the segment's investment property and investment property under construction – the profit from such adjustment in the Report Period totaled approx. NIS 384 million and mainly derived from the effect of the rise in the CPI on the properties' value and from an increase in rent, compared with a profit of approx. NIS 577 million in the same period last year which mainly derived from the effect of the rise in the CPI on the properties' value and from an increase in rent.

The table below presents a summary of the business results of the leasable office and other space in Israel segment:

Summary of the Business Results of the Leasable Office and Other Space in Israel Segment

NOI	**7%**	**204**	190	**9%**	**405**	373	769

Figures are presented in millions of NIS.

The NOI in the office and other space in Israel segment was mainly affected by rent increases in tenant changeovers and by the rise in the CPI, since the lease contracts are linked to the CPI.

The following table presents the segment's NOI development:

Development of the NOI of the Leasable Office and Other Space in Israel Segment

The same-property NOI in the office and other space in Israel segment was primarily affected by rent increases in tenant changeovers and by the rise in the CPI, since the lease contracts are linked to the CPI.

2.11. Senior Housing Segment

The acquisition of land in Modi'in in 2014 marked the Group's entry into the senior housing segment, followed by the acquisition in 2015 of an operating senior home – Palace Tel Aviv, one of the most luxurious senior homes in Israel. Since the acquisition of Palace Tel Aviv, the Group has operated under the "Palace" brand in this segment and owns four running senior homes: Palace Tel Aviv, Palace Ra'anana, Palace Modi'in (construction of which was completed in Q3/2018) and Palace Lehavim, Phase A of which is approaching full occupancy, and construction of Phase B of which has been completed with resident move-ins launched in September 2022.

2.11.1.Performance of the Senior Housing Segment and Changes in Value

Azrieli Group has four operating senior homes with aboveground built-up areas of approx. 115 thousand sqm (excluding areas attributed to the LTC unit and to retail areas), which comprise approx. 1,142 senior housing units. The Company is also building another project in Rishon LeZion with approx. 274 residential units of a total area of approx. 31 thousand sqm (excluding areas attributed to the LTC unit and to retail areas). In addition, during 2022, approval was received for a zoning plan for additional rights, including for senior housing, in the Azrieli

Jerusalem mall. For further details, see Section 4.1.2 of the board of directors' report in the 2022 Periodic Report, which is included herein by reference.

Balance of the Group's properties in the senior housing segment – totaled approx. NIS 3.1 billion on June 30, 2023, similar to the balance on December 31, 2022.

Change due to fair value adjustment of the segment's investment property and investment property under construction – There has been no change in the fair value of investment property and investment property under construction of the segment in the Report Period and in the same period last year.

The table below presents a summary of the business results of the senior housing segment:

2.12. Income-Producing Properties in the U.S. Segment

2001 marked the beginning of Azrieli Group's diversification of its investments in income-producing real estate overseas. In the previous decade, the Group expanded its activity significantly through the acquisition of office buildings in Houston and in Austin, Texas.

Most of the Group's overseas properties are concentrated in strong metropolitan areas, with a population of at least 2 million. The type of properties on which the Group focuses are offices. As of the Report Release Date, the Company is exploring the possibility of disposal of properties in this segment.

The trend of increase in vacant space in the Houston office market continued in 2022, albeit to a lesser degree than in 2021, primarily due to a negative trend in the global debt and capital markets and the war in Ukraine which led to a slowdown on the part of potential tenants in engaging in new lease agreements. The increase in oil prices during 2021, which continued also in 2022, was not reflected in increased demand for office space in Houston. In addition, there was a deterioration in the availability of credit for office properties in view of negative developments in the banking sector.

2.12.1.Performance of the Income-Producing Properties in the U.S. Segment and changes in Value

As of the report date, Azrieli Group has 8 income-producing properties in this segment, mostly in the U.S. with a total GLA of approx. 253 thousand sqm (on a consolidated basis) and approx. 245 thousand sqm (the Company's share) leased to some 140 tenants.[17]

Balance of the Group's investment property in the segment – totaled approx. NIS 2.1 billion on June 30, 2023, compared with approx. NIS 1.9 billion on December 31, 2022. The change mainly derives from an increase in the dollar exchange rate as of June 30, 2023, compared with December 31, 2022.

Change due to fair value adjustment of the segment's investment property – profit from a NIS 3 million property value adjustment compared with a loss of NIS 62 million that was recorded in the same period last year, and mainly derived from an increase in the cap rate and an increase in the anticipated investments in some of the properties.

The table below presents a summary of the business results of the income-producing properties in the U.S. segment:

Summary of the Business Results of the Income-Producing Properties in the U.S. Segment

Same-property NOI in the income-producing properties in the U.S. segment was affected by changes in the occupancy rates of some of the properties, offset by the effect of the rise in the average exchange rate of the U.S. dollar.

2.13. Data centers

In 2019, after studying the market and the key players in the data centers sector, the Company made the decision to invest in a company engaged in this sector, while noting the growth potential that exists in the sector and with the intention that it would serve as another growth engine for the Company's business.

The first step of the Company's entry into the data centers sector was made through an equity investment in Compass, which mainly operates in the data centers sector in North America and also has operations in EMEA. As of the Report Release Date, the Company (indirectly) holds approx. 32.5% of Compass. For further details, see the Company's immediate report of July 18, 2019 (Ref. 2019-01-073885) and Section 1.3.2 of Chapter A of the Company's Periodic Report for 2020, which are included herein by reference.

According to an agreement signed between the unitholders in Compass, the period of lock-up on the sale of holdings to third parties ended in January 2023, and the Company's partners began the process of exploring the sale of their holdings in Compass. Further to the aforesaid, on June 20, 2023, the Company's partners in Compass had engaged in an agreement for the sale of holdings in Compass for a sum reflecting a valuation for Compass of US$5.7 billion and a net value of approx. US$2.7 billion, and in accordance with the separation mechanisms which apply upon the sale of holdings to third parties after the end of the lock-up period, as set forth in the unitholders' agreement, the Company will tag along and sell its holdings in Compass for the same value. For further details, see Section 1.2.3.8 above, and Note 3G to the financial statements as of June 30, 2023.

Further to the aforesaid, and as part of the Company's strategy to launch data center operations in Europe, in 2021, the Company closed an (indirect) acquisition of 100% of the share capital of GM, which operates in the sector in Norway. For further details, see Section 1.3.8 of Chapter A of the Company's 2021 periodic report, as released on March 23, 2022 (Ref. 2022-01-033196), which is included herein by reference. In addition, the Company, through a wholly-owned special purpose subsidiary, closed the acquisition of all of the holdings in the English Companies. For further details, see Section 1.2.3.2 above. In addition, GM, through a wholly-owned subsidiary, entered into a service agreement with TikTok Norway AS, a Norwegian company which is part of a group of companies with global operations, for the provision of DC services on a campus to be built by GM in Norway, as well as into an agreement for the establishment of a joint venture with a German company for the construction of a DC campus to comprise several buildings in the Frankfurt region of Germany. For further details, see Sections 1.2.3.3 and 1.2.3.5 above (respectively).

The Company estimates that the data centers segment is expected to grow at a significant pace and could constitute a significant growth engine for the Group's business, and the Company has set itself the goal of becoming a significant player in this global market both by expanding the operations of GM, the English Companies, and through additional mergers and acquisitions. In addition, the Company is examining the possibility to create a global platform, together with other investors, that will hold the Company's holdings portfolio in the sector.

The Company's estimates in this section regarding the growth potential that exists in the data centers sector are forward-looking information, as defined in the Securities Law, based on subjective estimates of the Company as of the Report Release Date and sources of information external to the Company, and there is no certainty as to their realization, in whole or in part, or they may be realized in a materially different way, inter alia, due to changes in project schedules, their actual scope and marketing and due to factors beyond its control, including changes in the global data centers market.

2.13.1.Performance of the Data Centers Segment and changes in Value

As of the report date, the companies held by the Group and operating in this segment have 19 income-producing properties, 15 of which are properties of Compass (as of the report date, the Company's holding in Compass is approx. 32.5%) that are situated in the U.S. and Canada, 3 properties in Norway through the Company's holdings in GM, and a running data center in East London.

Balance of the Group's properties in the segment – totaled approx. NIS 10.8 billion on June 30, 2023, compared with approx. NIS 8 billion on December 31, 2022 (of which a sum of approx. NIS 5.8 billion and NIS 4.5 billion, respectively, due to Compass). The change mainly derives from investments in the segment properties, the acquisition of the English Companies and revaluation profits that were recognized in the period. Some of the properties are presented according to valuations prepared by independent appraisers as of June 30, 2023, whereas others are presented according to valuations prepared by independent appraisers as of December 31, 2022.

Change due to fair value adjustment of the segment's investment property – The profit from such adjustment in the Report Period totaled approx. NIS 354 million, compared with a profit of NIS 389 million in the same period last year.

The table below presents a summary of the business results of the data centers segment (the amounts relating to Compass were included in the financial statements in the 'share in results of companies accounted for on the equity method, net of tax' item):

Summary of the Business Results of the Data Centers Segment

	For the Three Months Ended			For the Six Months Ended			For the Year Ended
	Rate of Change	30.6.2023	30.6.2022	Rate of Change	30.6.2023	30.6.2022	31.12.2022

NOI	84%	59*	32*	58%	98	62	133

Figures are presented in millions of NIS.
* A sum of approx. NIS 32 million in Q2/2023, a sum of approx. NIS 10 million in Q2/2022 due to Compass.

The increase in revenues and NOI in the data centers segment in the Report Period mainly derived from growth in Compass's business, an increase in the holding rate in Compass and the acquisition of the English Companies.

2.14. Rental Housing in Israel Segment

The Group's operations in the rental housing in Israel segment focus mainly on the development, purchase, lease, management and maintenance of projects designated for long-term rental housing, as well as the operation and provision of high-standard related services (security, sports complexes, apartment fit-out, business services, and so forth). The Company deems the segment of rental housing in Israel as synergetic with its other businesses, while using the know-how accumulated by the Group's head office in its areas of business in income-producing real estate and the operating experience accumulated by the Company in senior housing. The Company intends to work on building a platform for long-term rentals while distinguishing its product and providing high-standard services. For details regarding the winning of a tender for the construction of a rental housing project in Herzliya, see Section 1.2.3.7 above.

2.14.1. Performance of the rental housing in Israel segment and changes in value

As of the report date, Azrieli Group has 2 income-producing properties in this segment in Israel, with a GLA of approx. 29 thousand sqm.

The balance of the Group's investment property in the rental housing in Israel segment – As of June 30, 2023, the balance amounted to NIS 1.7 billion, similar to the balance on December 31, 2022.

Change from fair value adjustment of investment property and investment property under construction in the segment – The loss from the fair value adjustment of investment property of the segment totaled approx. NIS 7 million in the Report Period (no profit or loss was recorded in the same period last year). The properties are presented according to valuations carried out by an independent appraiser as of June 30, 2023.

The table below presents a summary of the business results of the rental housing in Israel segment:

Summary of the Business Results of the Rental Housing in Israel Segment

	For the Three Months Ended			For the Six Months Ended			For the Year Ended
	Rate of Change	30.6.2023	30.6.2022	Rate of Change	30.6.2023	30.6.2022	31.12.2022

2.15. Income-Producing Real Estate – Additional Operations

2.15.1. Hospitality

As aforesaid, as part of the Company's business strategy, the Company periodically examines entry into operating segments tangent to its income-producing real estate operations. The Company examined the expansion of its operations into the hospitality industry and, in this context, recruited for the Company's headquarters a person with extensive experience in the hospitality industry. After a long and in-depth examination process conducted by the Company, the Company concluded that entering the hospitality industry would be an opportunity to expand the Group's operations mix, using the existing entrepreneurial capabilities of the Company and its real estate properties and the operational experience accumulated in the Company in the senior housing segment. The expansion of such activities is to be carried out, *inter alia*, through the development, planning and purchase of hotels in Israel, as well as the operation of hotels in Israel.

On February 9, 2020, the Company completed the first major step in its entry into the hospitality industry through the acquisition of the Mount Zion Hotel in Jerusalem (in this section: the "**Hotel**"). For further details on the hotel acquisition transaction, see Section 12.2 of Chapter A of the Company's Periodic Report for 2020, which is included herein by reference.

From the acquisition closing date and up to March 17, 2020, the Company operated the Hotel through a wholly-owned management company. The Hotel's operation included ongoing management and operations, including the provision of accommodations, food and beverage, leisure services and other hospitality services.

On March 17, 2020, the Company closed the Mount Zion Hotel, in view of the encumbering directives imposed on the operation of hotels due to the Covid pandemic. As of the Report Release Date, the Hotel is closed and the Company is acting for the planning of the Hotel's renovation and exercise of the building rights for its expansion, such that it will include 350 rooms and an underground car park that will include approx. 250 parking spaces. The Hotel's renovation and expansion are subject to the receipt of a building permit, and in November 2021 an excavation and shoring permit was received, and the work has begun. After the Hotel's renovation and expansion, the Hotel will be reopened.

In addition, in the Report Period, the Company acquired the Red Rock Hotel in Eilat. For further details, see Section 1.2.3.6 above.

3 | NON-REAL ESTATE BUSINESS

3.1. Additional Activities

3.1.1. Investments in Financial Corporations

(2) Before adjustment to changes in fair value during the Report Period.

3.1.2. E-Commerce Platform Activity – Azrieli.com

The Group owns and operates the Azrieli.com website. The website provides an e-commerce platform, aiming to integrate into and boost the malls and retail centers business through online activity and by way of combined sales and creation of consumption experience, alongside the development of the core business in traditional retail. For details about the Group's e-commerce operations, see Section 16 of Chapter A of the 2022 Periodic Report, which is included herein by reference.

[18] The Company has also made negligible investments in investment funds, as specified in Section 16.2.2 of Chapter A of the 2022 Periodic Report, which is included herein by reference.

4 | BUSINESS DEVELOPMENT – GROWTH ENGINES

4.1. Review of the Business Development Operations

4.1.1. Development of Income-Producing Properties

Azrieli Group's primary growth engine is expertise in the development and unique architectural design of income-producing property projects: malls, offices, senior housing and rental housing. As of the report date, the Group has 11 projects at various development stages in Israel.

Holding rate is 100% for all properties (except Azrieli Town Building E which does not include offices of an area of approx. 450 sqm).

1. With respect to uses of the senior housing and/or rental apartments, the figure represents rights in sqm.
2. As of June 30, 2023.
3. Without capitalizations and tenant fit-outs as of June 30, 2023.
4. In April 2018, a zoning plan was validated which increases the building rights of the fourth tower and expansion of the mall by approx. 80 thousand sqm, to total building rights of approx. 150 thousand sqm.
5. The Group has increased the building rights in the project to 31,000 sqm.
6. The building rights were purchased in the context of acquisition of the income-producing property in May 2018.
7. Includes additional land (approx. 27,000 sqm of marketable space) that was originally purchased in the framework of an ILA tender and was part of the Holon HaManor land. In the context of consolidation of parcels, the building rights in the lot increased by approx. 30,000 sqm (such that the building rights in the consolidated lot total approx. 250,000 sqm).
8. The data presented relate to the existing zoning plan for the land. The Group is in the process of increasing the building rights in the project to 280,000 sqm.
9. Includes both the existing area and the additional rights, since the Company intends to expand and renovate the entire Hotel.

During the Report Period, the Group proceeded with the work on development and construction of its foregoing properties and with its efforts to obtain the approvals required for their continued development, on schedule and without significant delays. Furthermore, the Group is conducting negotiations and entering into agreements for the lease of the areas under construction. For further details, see below.

Description of the properties under construction and land reserves

Land in Modi'in (Lot 21) – On January 11, 2018, the Group won a tender held by the ILA, for the purchase of long-term lease rights in a lot located in the CBD of Modi'in-Maccabim-Re'ut (close to the Azrieli Modi'in Mall), in an area of approx. 5,300 sqm, designated for the construction of 80 residential units, 50 hotel rooms, offices and retail space, in consideration for approx. NIS 101.5 million.

An excavation and shoring permit was received in July 2019 and the Company commenced work at the site. An application for a basement permit was submitted in August 2019 and the Local Committee gave conditional approval therefor, and in June 2020, the basement permit was obtained.

In September 2019 the Company submitted for deposit with the District Committee the documents of the plan for increasing the building rights in the lot and connection thereof to the existing project. In November 2019, the District Committee discussed the plan and decided on its conditional deposit. In June 2020, the Company published the plan for objections and during November 2020, a discussion was held on the objections at the District Committee. In March 2021, the plan was approved such that the building rights, according to the approved zoning plan, include 32,170 sqm gross aboveground areas.

In June 2020, an application was filed requesting an aboveground building permit for two retail floors, two hotel floors (84 rooms) and service and operating space and the permit was received in November 2021. In addition, the Company filed an application for an aboveground building permit for the rest of the project (the office and residential towers). In December 2021, the Local Committee's decision, approving the permit with conditions, was received, and the permit was received in June 2022. As of the Report Release Date, the project is at advanced stages of construction.

Land in the Check Post Intersection – Land of an area of approx. 17,800 sqm, which is located in the Haifa industrial zone, in proximity to the Check Post Intersection. A project is expected to be built on the land, in two phases, which will include retail and office space and ~350 parking spaces with a GLA of approx. 37 thousand sqm. In Phase A, a 2-floor building of an area of approx. 10.5 thousand sqm and ~340 parking spaces, whose ground floor will be used as a supermarket, is planned to be built on the land. In December 2020, the Company engaged in an agreement for the lease of the space which will be used as a supermarket and an events hall. The building plan was approved by the Local Committee. In addition, the Company submitted an application for a shoring and foundation permit that was received in January 2022. In addition, in December 2021, the Company submitted an application for a full building permit, which was received in August 2022, and work on construction of the frame has begun.

Palace Rishon LeZion Senior Home – The land, located in the HaRakafot neighborhood in East Rishon LeZion, of an area of approx. 3,400 sqm, was purchased in March 2016 in a tender held by the ILA for the purchase of the leasehold rights in the land. The project is in stages of construction. On the land, the Company plans to build a senior home which is expected to comprise around 274 residential units, an LTC unit and approx. 3,000 sqm of retail space. In April 2018, the recommendation of the Local Committee was received for the deposit of a zoning plan for additional rights and was referred for a discussion at the District Committee. In November 2018 the decision of the District Committee on the conditional deposit of the zoning plan was received. In April 2019, the zoning plan was published for objections, and in September 2019, a hearing was held at the District Committee on the objections that were submitted. In February 2020, the plan was published for validation and was approved in the Official Gazette.

In March 2020, the Company submitted an application for an excavation and shoring permit for the project. In June 2020, the permit was obtained and in early 2021 the work began. In May 2021, the Company filed an application for a basement permit that was approved with conditions in September 2021, and the permit was received in March 2022. In October 2021, the Company filed an application for a building permit for the entire project, which was received in January 2023, and the work for construction of the project is ongoing.

Mount Zion Hotel – On February 9, 2020, the Company closed a transaction for the acquisition of Mount Zion Hotel in Jerusalem. The Company is working on planning a renovation of the hotel and exercise of the building rights for expansion of the hotel to 350 rooms and a parking garage with around 250 parking spaces. The renovation and expansion of the hotel are subject to receipt of a building permit. In November 2021, an excavation and shoring permit was received and the work began. A building permit for the entire hotel has been conditionally approved and the Company is working on fulfillment of the conditions.

SolarEdge campus – On January 17, 2022, a transaction was closed for the acquisition of a company which holds leasehold rights in land located in the North Glilot site, on part of which the Company will build a campus for SolarEdge Technologies Ltd. ("**SolarEdge**"). The project will include 38,000 sqm aboveground and 950 parking spaces. The Company engaged in an agreement with SolarEdge for the lease of the campus for 15 years, with extension options up to a total period of 24 years and 11 months. From the date of handover of possession of the campus, SolarEdge will be responsible for the management and maintenance of the campus. In June 2022, an excavation and shoring permit was received, and the work is ongoing. In April 2023, receipt of a full building permit was conditionally approved for the project, and the Company is working on fulfillment of the conditions. For further details, see the Company's immediate reports of May 11, 2021 (Ref. 2021-01-082779) and January 18, 2022 (Ref. 2022-01-007851), which are included herein by reference.

Land in Modi'in (Lot 10) – On October 6, 2019, the Company won a tender held by the ILA for the acquisition of leasehold rights in a lot located in the CBD of Modi'in-Maccabim-Re'ut, the area of which is approx. 17,000 sqm, designated for the construction of a retail and office project, with rights for approx. 37,000 sqm aboveground, in consideration for approx. NIS 51 million. According to the terms of the tender, the Company paid, in addition to the cost of the land, approx. NIS 37 million for development costs. For further details, see the Company's immediate report of October 7, 2019 (Ref. 2019-01-086697), which is included herein by reference. The Company is working to promote a plan for the project to be built on the land, and in October 2020 it submitted to the Local Committee a zoning plan for additional usages on the lot. In April 2021, a discussion was held on the plan, and it was decided on the conditional deposit thereof. In June 2021, the plan was deposited for objections. In October 2021, the plan was discussed and conditionally approved. In January 2022, the Local Committee finally approved the plan.

In addition, the Company submitted a building plan to the Local Committee which was conditionally approved, and also submitted an application for an excavation and shoring permit which was received in March 2022, and the work has begun. After the Report Period, the Company entered into an agreement for the construction of a new medical center that will be leased to Kupat Holim Clalit on an area of approx. 8,100 sqm on part of the land.

Expansion of Azrieli Tel Aviv Center (Spiral Tower) – The land, of an area of approx. 8,400 sqm, was purchased in May 2013 and construction commenced in September 2016. The land is adjacent to the Azrieli Tel Aviv Center, and is the site of construction of the fourth tower and expansion of Azrieli Tel Aviv mall. In April 2018, a zoning plan was validated with an urban-mixed designation, which allows uses of retail, offices, hotels, residence and senior housing with aboveground building rights of approx. 147,260 sqm (gross), and, in addition, approx. 3,000 sqm of below-ground main retail space.

As part of the zoning plan, the Company was required to approve an architectural design and development plan for the project, as a condition for an aboveground building permit. The Company also undertook to allocate from the said rights in the project a public floor for the Tel Aviv-Jaffa Municipality, and undertook to pay and perform various tasks in the vicinity of the project, including in Azrieli Center. The Company intends to construct retail space that will serve to expand the existing mall and a multi-story tower, the Spiral Tower. In January 2020, a basement permit was received for the project. In January 2021 the design plan was signed by the approving functions in the City of Tel Aviv. As of the Report Release Date, the Company is continuing to carry out excavation and shoring work on the land. In July 2021, the Company filed an application for an aboveground building permit for the entire project, and in December 2021, the Local Committee's decision, conditionally approving the permit, was received. In June 2023, the above-ground building permit was received, and the construction work is ongoing.

Rental housing project in Herzliya – in April 2023, the Company won a tender of Dira Lehaskir – The State-Owned Rental Housing Company Ltd. and the Israel Land Authority, for the purchase of leasehold rights in a site located in Herzliya (near Kibbutz Glil Yam).

According to the tender's instructions, the land is designated for multi-family residential building, for long-term rentals for a period of no less than 20 consecutive years from the date of completion of the construction. The project is expected to include 147 apartments and retail areas. One half of the apartments in the project will be rented for price-controlled rent, which will be 80% of market-rate rent. For further details, see Section 1.2.3.7 above. The Company is working on promotion of building permits for the project.

Azrieli Town Building E – On May 14, 2018, the Company closed a transaction for the acquisition of rights in land located on Menachem Begin Road in Tel Aviv, on which a four-story building is built above a retail ground floor, of a total area of approx. 5,500 sqm and basement floors, which until recently was leased in its entirety. The property includes unutilized building rights according to the zoning plan that applies to the land at a total scope of approx. 21,000 sqm, aboveground, and additional rights. In July 2021, the Company purchased the land of the gas station which is located on the property (which was not included in the original transaction for its acquisition) which is located on the property and whose activity has been stopped. In December 2022, the Company deposited, for objections, a zoning plan for additional rights totaling 90,520 sqm gross of above-ground areas. In June 2023, after a discussion was held on the objections, the Local Committee's decision was received, conditionally approving the plan, and the Company is working on fulfilling the conditions.

Holon 3 - Holon Industrial Zone – The land is of an area of approx. 57,500 sqm, and the purchase thereof was closed in April 2016. Construction in the project commenced in March 2018 and excavation and shoring work in the project commenced in June 2018. In October 2018, a building permit was received for the project's underground parking levels, and in July 2019 a permit for additional underground parking levels was received. In May 2019, work began for the construction of the underground parking levels in the eastern part of the project, and a Form 4 (occupancy permit) with respect thereto was received in November 2020. In April 2021, a certificate of completion was received for the car parks. The land is located in proximity to the Azrieli Holon Center, on which the plan is to build a very large commercial and retail project, which will comprise approx. 250,000 sqm of leasable office space and a family-friendly entertainment and shopping complex. The project is in proximity to central traffic arteries.

Land in Petach Tikva – The land, which was purchased in November 2017, of an area of 19,000 sqm (the "**Vacant Land**"), is situated in the eastern part of the Kiryat Aryeh Industrial Zone in Petach Tikva, near an existing office project owned by the Group. The Vacant Land includes building rights for around 53,000 sqm as well as parking basements.

In July 2019, an application was filed for a shoring, excavation and basement permit. In January 2020, the Local Committee decided to grant conditional approval for the shoring, excavation and basement permit application.

In view of the approval of the Petach Tikva Kiryat Aryeh outline plan, the Local Committee and the Company jointly decided to promote a zoning plan subject to local jurisdiction only, for approval of the building rights to include 280 thousand sqm, which will mainly be used for offices and are planned to be built both on the Vacant Land and on the land on which the office project is located, in lieu of two other plans previously promoted by the Company. In April 2022, the zoning plan was discussed at the Local Committee and conditionally approved, and the Company is working to fulfill the conditions.

The Company's estimations in this Section 4.1.1 above, with regard to, inter alia, the expected costs of and investments in properties under construction, manner of financing of the projects, construction completion dates, receipt of various regulatory approvals required for the promotion of projects under construction or the results of administrative and legal proceedings, are forward-looking information, within the definition of this term in the Securities Law, which is based on the Company's subjective estimations as of the date of the report, and their materialization, in whole or in part, is uncertain, or they may materialize in materially different ways, inter alia for reasons which are beyond the Company's control, including changes in market conditions, changes in the Company's plan, the time required for the approval of construction plans for execution, and changes in construction input prices.

The Company's management is acting to continue leading the income-producing real estate market, *inter alia* through the purchase of land reserves, the expansion of existing properties and the purchase of additional similar properties as aforesaid, in order to bring about a further increase in the Company's future operating cash flow, insofar as the Company's board of directors shall so deem fit, and to further consider the development of related and/or synergistic segments.

4.1.2. Betterment of income-producing properties

Another growth engine of the Company is the betterment of its existing properties. The Company also examines, from time to time, options to promote zoning plans for additional building rights in its properties. For details with respect to the Company's activities for the betterment of its existing properties, see Section 4.1.2 of the board of directors' report for the 2022 Periodic Report, which is included herein by reference, and Section 4 of Chapter B of this report – updates to the Description of the Corporation's Business chapter as of June 30, 2023.

4.1.3. Identification and Acquisition of Properties in the Company's Operating Segments

For details with respect to the Company's activities for the identification of properties in the Company's operating segments, see Section 4.1.3 of the board of directors' report for the 2022 Periodic Report, which is included herein by reference.

5 | FUNDING OF THE BUSINESS

5.1. Leverage Ratio of the Group

The following table presents a summary of balance sheet figures out of the consolidated financial statements:

Summary of Balance Sheet Figures out of the Consolidated Statements

	30.6.2023	30.6.2022	31.12.2022
Current assets	3,640	2,298	3,677
Non-current assets	45,798	41,356	44,797
Current liabilities	4,620	2,880	4,628
Non-current liabilities	22,574	19,310	21,744
Equity attributable to the Company's shareholders	22,212	21,430	22,073
Equity attributable to the Company's shareholders out of total assets (in %)	45%	49%	46%
Net debt to assets (in %)	37%	31%	33%

Figures are presented in millions of NIS.

The Group funds its business operations primarily out of its equity, cash and cash equivalents and by means of non-bank credit (mainly bonds and loans from institutional bodies), bank credit (short-term and long-term) and commercial paper.

The Group's financial soundness, which is characterized by a low leverage ratio and considerable unencumbered assets, affords the Group available sources for the obtainment of financing on convenient terms[19]. The Group's leverage ratio is low, compared to many of its major competitors. The Group's low leverage ratio, coupled with the Company's extensive initiatives in the real estate sector, provides flexibility also in times of crisis, which is illustrated by the Company's issue in April 2020, in the midst of the Covid crisis, by the issuance of the Company's two new bond series in July 2021, by the issuance of three bond series by way of expansion thereof in July 2022, and by the issuance of a bond series by way of the expansion in July 2023.

[19] For further details, see Section 21 of Chapter A of the 2022 Periodic Report, which is included herein by reference.

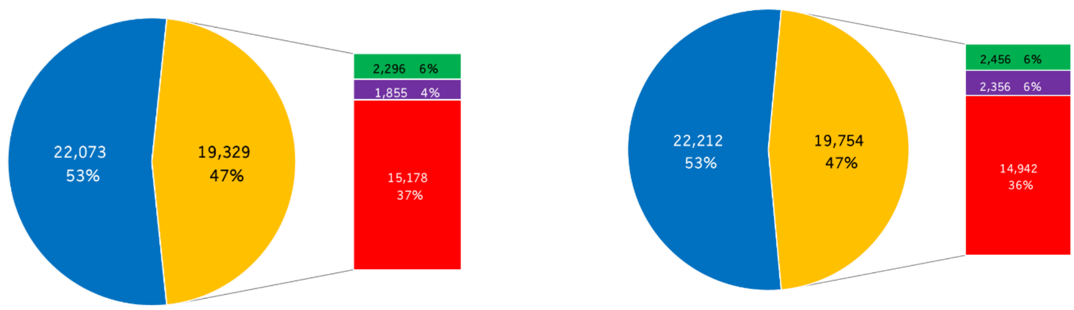
5.2. Composition of Financing Sources

The Group has three principal debt channels: bank debt, private loans from institutional bodies and public bonds. The Group currently enjoys very high accessibility to each of these financing channels.

The following chart presents a breakdown of the rate of borrowed capital in the Company's total capital, as well as a breakdown thereof by type:

Composition of Capital and Breakdown of Debt of the Group

31.12.2022 **30.6.2023**



▪ Equity ▪ Long-Term Bonds ▪ Long-Term Loans from Financial Corporations ▪ Credit and Current Maturities from Financial Corporations and Bonds

Figures are presented in millions of NIS and as a percentage out of total assets/total debt.

The increase, in the Report Period, of approx. NIS 425 million in the total debt mainly derives from the taking of short-term loans and from the effect of the rise in the CPI on the linked debt, net of repayment of bond principal and loans.

As of the report date, the Group has a working capital deficit in the consolidated statements of NIS 980 million (there is no working capital deficit in the standalone statement).

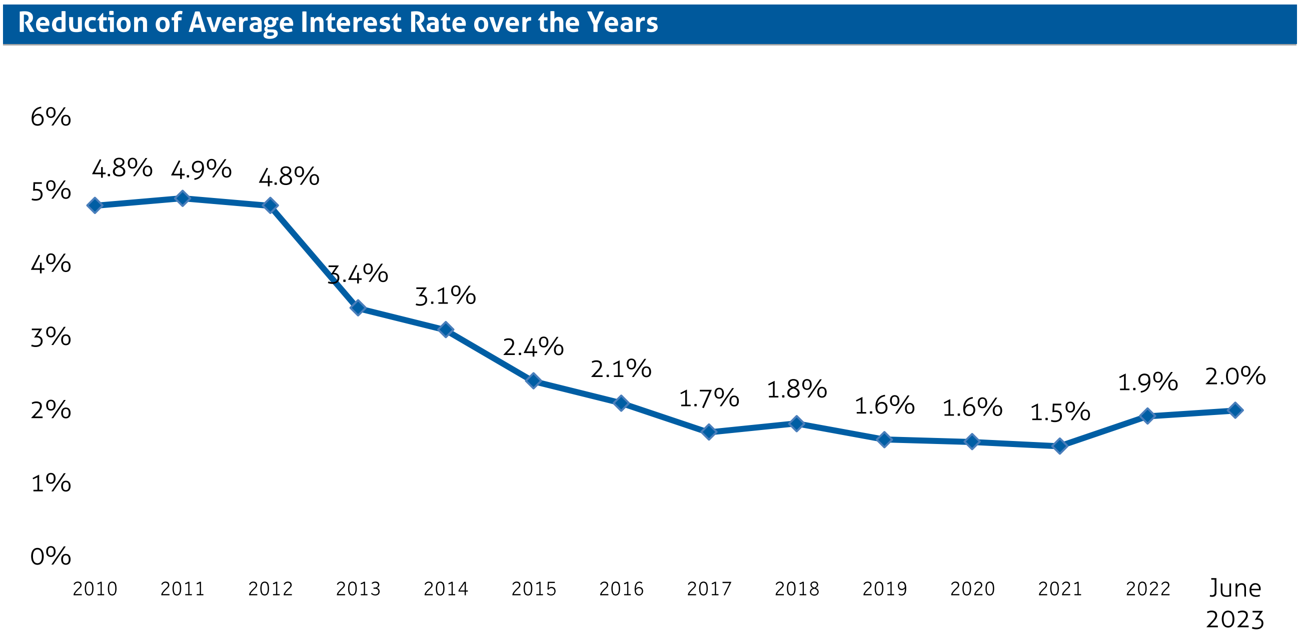
The Group estimates that if it decides to raise debt at any point, it will be able to do so, given its financial strength and/or the value of its unencumbered assets, and therefore, the Company's board determined, at its meeting on August 16, 2023, after examining the Group's financing and cash flow sources, that the said working capital deficit does not indicate any problem with the Company's liquidity or its ability to pay its liabilities as they become due.

The Group's assessments in this Section 5.2 in connection with its liquidity and the availability of its financing sources are forward-looking information, within the definition thereof in the Securities Law, which is based on the Company's assessments with respect to developments in the markets, inflation levels and projected cash flows and on the conditions and options for obtaining credit on the Report Date. Such assessments may not materialize, in whole or in part, or may materialize in a manner that materially differs from the Company's assessments. The principal factors that may affect this are: Changes in the capital market, which affect the conditions and options for obtaining credit, changes in the Company's plans, including the use of readily-available balances that shall exist for the purpose of seizing business opportunities, changes in the advantageousness of holding various investment channels or the advantageousness of use of various financing avenues, deterioration of the economic condition in Israel or in the U.S. and entry into severe recession, and the Company or any of the companies of the Group encountering financing or other difficulties, in a manner affecting the Company's cash flow.

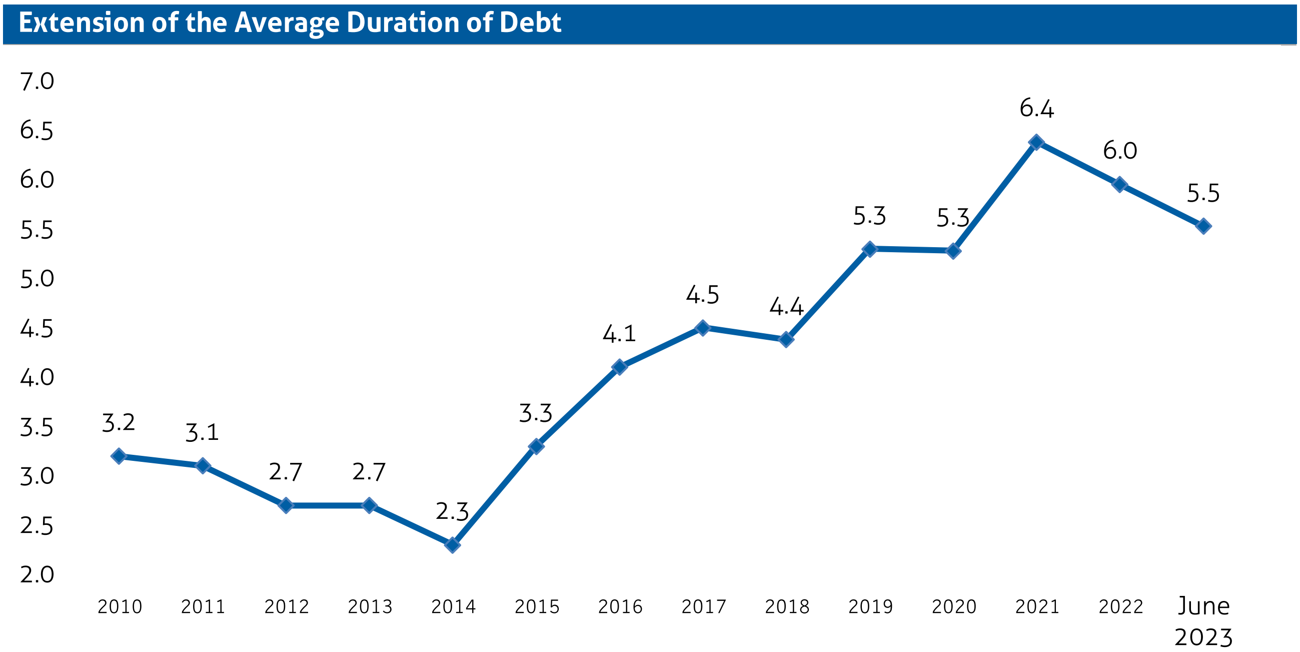
5.3. Financing Transactions

In recent years, the Company has been working to reduce the average interest rate on the debt and to extend the debt duration. During the Report Period, in view of the consideration which is expected to be received from the sale of the Company's holdings in Compass in the next months, the Company worked to raise debt with a short duration through the issuance of Series B bonds by way of a series expansion, in the sum of approx. NIS 852 million. For details regarding the debt raising, see Section 1.2.3.9 above. In the Report Period, the Company also engaged with banking corporations in short-term loans in the sum of approx. NIS 721 million.

1. Interest Rate as of the End of the Period



2. Average Duration as of the End of the Period



5.4. Rating

The Company has a high credit rating that reflects its financial strength, the quality of its assets and its low leverage ratio. As of the report date, the Company's credit rating is ilAA+/Stable/ilA-1+ by Ma'alot and Aa1 by Midroog. For details with respect to the rating of the bonds, the commercial paper and private loans of the Company, see Section 21.12 of Chapter A of the 2022 Periodic Report, which is included herein by reference.

5.5. Liabilities and Financing

Below is a summary of the Group's financial liabilities:

Breakdown of Financial Liabilities

	Fixed Interest			Variable Interest		Total		Total
	Index-linked	USD-linked	Unlinked	Foreign Currency -linked	Unlinked	Fixed Interest	Variable Interest	
Short-term loans	-	-	-	**20**	****780**	**-**	**800**	**800**
Long-term loans	16,754	1,115	-	***1,085**	**-**	**17,869**	**1,085**	**18,954**
Total	**16,754**	**1,115**	**-**	**1,105**	**780**	**17,869**	**1,885**	**19,754**

Figures are presented in millions of NIS, as of June 30, 2023.
* Most of the loan is protected by interest rate hedging.
** After the report date, the Company performed a hedging transaction for conversion of a shekel loan in the sum of NIS 500 million into a linked, fixed-interest loan.

As of June 30, 2023, short-term loans represented approx. 4% of the Group's total financial liabilities. The Company's management estimates that this rate is low and conservative in view of the low leverage ratio and the total unencumbered assets as specified below.

The Company's policy regarding the financing of its business, besides the positive cash flow from current operations and current assets, is implemented primarily by taking long-term index-linked fixed-interest loans, in order to minimize market risks resulting from changes in the market interest rates and to counteract the market risk resulting from changes in the Consumer Price Index (CPI), while taking advantage of the fact that the Company's revenues are, for the most part, index-linked.

5.6. Designated Disclosure to Bondholders (of Series B, D, E, F, G and H)

For details with respect to designated disclosure to the holders of the Company's Series B, D, E, F, G and H Bonds, see **Annex A** to this chapter.

5.7. Maturities of the Group's Financial Liabilities

The following table presents the maturity dates and amounts of financial liabilities:

Forecast of Maturities of Financial Liabilities

Year	Principal	Interest	Total
1	**2,456**	**400**	**2,856**
2	**1,165**	**368**	**1,533**
3	**1,635**	**349**	**1,984**
4	**2,806**	**291**	**3,097**
5 forth	**11,692**	**1,055**	**12,747**
Total	**19,754**	**2,463**	**22,217**

Figures are presented in millions of NIS, as of June 30, 2023.

The sources for the funding of the Group's financial liabilities are chiefly the following:

- Positive cash flow from operating activities, which totaled approx. NIS 581 million in the six months ended June 30, 2023.
- Liquid assets and unencumbered assets.
- The Group has mortgaged income-producing properties, the fair value of which significantly exceeds the loan undertaken therefor.
- Refinancing of debts in the capital market and/or institutional bodies and/or banking institutions.

5.8. Unencumbered Assets Available to Serve as Collateral against the Receipt of Credit

As of June 30, 2023, the aggregate amount of liquid assets (cash and cash equivalents) held by the Group amounted to NIS 1.3 billion. The Company deems its liquid assets, the considerable cash flow from its operating activities and its unencumbered assets (in the total value of approx. NIS 35.1 billion, in addition to the aforesaid liquid assets of approx. NIS 1.3 billion) essential to its financial soundness, its high financial flexibility due to its lack of dependence on the availability of external sources both in terms of debt repayment and in terms of the ability to seize investment opportunities at various times.[20] As pertains to additional possible liquid sources, the Group estimates that it has the ability to obtain financing on convenient terms in the prevailing economic conditions.

Unencumbered Assets Available to Serve as Collateral against the Receipt of Credit

Assets	Value of Assets as of June 30, 2023
Properties in the retail centers and malls in Israel segment	**13,305**
Properties in the leasable office and other space in Israel segment	**16,004**
Properties in the rental housing in Israel segment	**1,745**
Other properties (mainly hospitality and data centers)	**1,129**
The Company's holdings in Compass and Azrieli E-Commerce	**1,979**
The Company's holdings in Bank Leumi	**965**
Total	**35,127**

Figures are as presented in the financial statements and in millions of NIS.
In addition, the Group holds mortgaged income-producing properties, the fair value of which exceeds the amount of the loan undertaken therefor.

The Group's estimations mentioned in this Section 5.8 above in connection with the Company's ability to obtain financing on convenient terms in the currently prevailing economic conditions, are forward-looking information as defined in the Securities Law, which is based on the Company's estimations as to the economic conditions and the liquidity level as of the Report Release Date. Such estimations may not materialize, in whole or in part, or may materialize in a manner that materially differs from the Company's estimations. The primary factors that may affect the above are: changes in the capital market affecting the conditions and possibilities of obtaining financing, changes in the Company's plans, including use of future available liquid balances in order to seize business opportunities, changes in the advantageousness of the holding of various investment channels or the advantageousness of use of various financing channels, deterioration of the Israeli or U.S. economy and decline into severe recession, in a manner which affects the Company's ability to obtain financing on convenient terms.

[20] For details with respect to additional matters related to the Group's financing activities, see Section 21 of Chapter A of the 2022 Periodic Report, which is included herein by reference.

5.9. Financial Position

Financial Position, Liquidity and Financing Sources		
Item	**30.6.2023**	**31.12.2022**
Total assets [1]	**49,438**	48,474
Current assets [2]	**3,640**	3,677
Investment property [3]	**42,072**	39,380
Short-term credit [4]	**2,456**	2,296
Loans from banking corporations and other credit providers [5]	**2,356**	1,855
Net bonds [6]	**14,942**	15,178
Total equity [7]	**22,244**	22,102

Figures are presented in millions of NIS.

(1) The increase mainly results from an increase in investment property as a result of investments and a change in the fair value, net of a decrease in the cash balances.
(2) Decrease in the cash balance net of classification of holding in Compass as an asset held for sale.
(3) The increase mainly results from the closing of the acquisition of the English Companies and from progress of the investments in projects under construction and in the income-producing properties in the Report Period and from a change in the fair value of the properties.
(4) The increase mainly derives due to a current maturity of a loan in Mall Hayam, an increase in short-term loans, net of a change in the classification of the GM long-term loan.
(5) The increase mainly results from a change in the classification of the GM long-term loan, net of a transfer to current maturity of the loan in Mall Hayam.
(6) The decrease results from current repayments in the Report Period, net of linkage in the period.
(7) The increase mainly derives due to the comprehensive income in the period, net of a dividend distribution in the period.

6 | BUSINESS RESULTS AT A GLANCE

6.1. Summary of Business Results

The following table presents the consolidated net profit of Azrieli Group:

Analysis of the Consolidated Net Profit					
	For the Three Months Ended		For the Six Months Ended		For the Year Ended
	30.6.2023	**30.6.2022**	**30.6.2023**	**30.6.2022**	**31.12.2022**
Net profit for the period attributable to the shareholders	**418**	802	**795**	1,138	1,797
Net profit attributable to the shareholders and to non-controlling interests	**419**	803	**796**	1,139	1,792
Basic earnings per share (NIS)	**3.45**	6.61	**6.56**	9.38	14.82
Comprehensive income to shareholders and to non-controlling interests	**512**	843	**842**	1,327	1,964

Figures are presented in millions of NIS.

The net profit in the Report Period totaled NIS 796 million, compared with NIS 1,139 million in the same period last year. The decrease in profit in the Report Period was mainly affected by a decrease in some of the Company's results accounted for on the equity method, an increase in tax expenses in the period, an increase in G&A expenses and marketing expenses, net of an increase in the NOI (excluding Compass) in the sum of NIS 123 million.

6.2. Comprehensive Income

The Group's capital and comprehensive income are also affected by various capital reserves, chiefly by capital reserves in respect of changes in the fair value of investments in equity instruments designated at fair value through other comprehensive income and by reserves for translation differences from foreign operations. The difference between the comprehensive income and the net profit as presented in Section 6.1 above, for the six-month period ended June 30, 2023 mainly derives from profit from translation differences from foreign operations in the sum of NIS 53 million, net of a decrease in the fair value of financial assets net of tax in the sum of NIS 43 million, and from a profit from cash flow hedging in the sum of NIS 26 million.

6.3. Results of Operations

The following table presents the marketing, general and administrative expenses, other revenues, financing expenses and income taxes in the Report Period, compared with the same period last year:

Results of Operations				
	For the Three Months Ended		For the Six Months Ended	
	30.6.2023	**30.6.2022**	**30.6.2023**	**30.6.2022**
Marketing, general and administrative expenses [1]	**75**	55	**141**	117
Net other income (expenses)[2]	**(1)**	(12)	**(22)**	2
Net financing expenses[3]	**(300)**	(324)	**(539)**	(535)
Income tax expenses[4]	**180**	151	**297**	235

Figures are presented in millions of NIS.

(1) The increase in expenses in Q2/2023 compared with the same quarter last year and in the Report Period compared with the same period last year mainly derives from consolidation of the results of the English Companies and from an increase in marketing, payroll, ESG and donation expenses.
(2) The decrease in other expenses in the quarter mainly derives from impairment of a loan given in the corresponding quarter, and the increase in other expenses in the Report Period compared with the same period last year mainly derives from one-time expenses and expenses in connection with acquisitions of properties.
(3) The decrease in net financing expenses in Q2/2023 compared with the previous quarter mainly derives from a rise in the CPI at a lower rate compared with the corresponding quarter. The increase in the net financing expenses compared with the same period last year mainly derives from an increase in the amount of the debt.
(4) The increase in expenses in Q2/2023 compared with the same quarter last year and in the Report Period compared with the same period last year mainly derives from the recording of deferred taxes due to classification of Compass as a non-current asset held for sale.

6.4. Cash Flows

The following table shows the cash flows generated by the Group in Q2/2023, compared with the same quarter in 2022:

Quarterly Cash Flows		
Quarter	**Q2/2023**	**Q2/2022**
Net cash flows generated by the Group from operating activities [1]	**280**	490
Net cash flows used by the Group for investment activities [2]	**(782)**	(458)
Net cash flows that the Group generated from (used for) financing activities [3]	**(532)**	(1,140)

Figures are presented in millions of NIS.
(1) The cash flow in Q2/2023 and in the same quarter last year mainly derived from the operating profit of the income-producing real estate in the sum of approx. NIS 527 million (excluding Compass) (approx. NIS 463 million in the corresponding period) plus net senior housing deposits net of income taxes paid. The decrease in Q2/2023 compared with the same quarter last year derives from a decrease in incoming senior housing deposits and a change in trade payables.
(2) The cash flow in Q2/2023 was mainly used for the acquisition of and investment in investment property and investment property under construction in the sum of approx. NIS 625 million, plus investments in fixed assets in the sum of NIS 158 million. The cash flow in the same period last year was mainly used for the acquisition of and investment in investment property and investment property under construction in the sum of approx. NIS 296 million, for the acquisition of a company that was consolidated for the first time in the sum of NIS 119 million and for payment of taxes for assets.
(3) The change relative to the same quarter last year mainly derived from the raising of short-term credit from financial corporations.

Six-Month Cash Flows		
Six months	**H1/2023**	**H1/2022**
Net cash flows generated by the Group from operating activities (1)	581	863
Net cash flows used by the Group for investment activities (2)	(1,839)	(778)
Net cash flows used by the Group for financing activities (3)	(910)	(979)

Figures are presented in millions of NIS.

(1) The cash flow in H1/2023 and in the same period last year mainly derived from the operating profit of the income-producing real estate in the sum of approx. NIS 1,032 million (excluding Compass) (approx. NIS 910 million in the corresponding period), plus net senior housing deposits, net of tax payments in the period.

(2) The cash flow in the Report Period was mainly used for the acquisition of and investment in investment property and investment property under construction in the sum of NIS 1,226 million, for the acquisition of a company that was consolidated for the first time in the sum of NIS 228 million, an investment in fixed assets in the sum of NIS 181 million and investments in companies accounted for using the equity method in the sum of NIS 173 million. The cash flow in the same period last year was mainly used for the acquisition of and investment in investment property and investment property under construction in the sum of approx. NIS 743 million, for the acquisition of a company that was consolidated for the first time in the sum of NIS 119 million, and for payment of taxes for assets, net of proceeds received from the sale of Bank Leumi shares in the sum of NIS 120 million.

(3) The change relative to the same period last year mainly resulted from an increase in net loans, mainly due to refinancing of the GM loan in the corresponding period, net of the raising of short-term loans from financial corporations in the Report Period.

7 | CORPORATE GOVERNANCE ASPECTS

During and after the Report Period, no material changes occurred in the Company's corporate governance aspects, as specified in Chapters D-E of the 2022 Periodic Report, which is included herein by reference.

7.1. Approval of extension of letters of indemnity and exemption from liability granted to Ms. Sharon Azrieli and Ms. Naomi Azrieli, who are controlling shareholders of the Company and hold office as directors thereof

On April 27, 2023, the general meeting of the Company's shareholders approved the extension of the letters of indemnity and exemption from liability that were granted to Ms. Sharon Azrieli and Ms. Naomi Azrieli as directors of the Company, who are controlling shareholders of the Company, for an additional three-year period from the date of the said approval. For further details, see the immediate report of March 22, 2023 regarding the calling of a meeting (Ref. no.: 2023-01-029988) and an immediate report on meeting results of April 30, 2023 (Ref. 2023-01-045594), which is included herein by reference.

7.2. Changes in the office of officers of the Company

See Section 1.2.3.4 above.

7.3. D&O insurance policy

During the Report Period, the Company's compensation committee approved an engagement for the purchase of an insurance policy for the liability of directors and officers of the Company and the Company's subsidiaries, from July 1, 2023 until June 30, 2024, with limits of liability of U.S. $100 million per claim and in the aggregate, while determining that the engagement is at market conditions and is not material to the Company.

8 | PROVISIONS ON DISCLOSURE IN RELATION TO THE COMPANY'S FINANCIAL REPORTING

8.1. Description of the Company's Operations during the Report Period and Update of the Description of the Corporation's Business for the Report Period, in accordance with Section 39A of the Regulations

For events and developments during the Report Period, see Chapter B hereof – Updates to the Description of the Corporation's Business chapter as of June 30, 2023 and Note 3 to the financial statements as of June 30, 2023.

8.2. Report on the Group's Liabilities

A report on the Group's liabilities, in accordance with Sections 39E and 9D of the Regulations is attached in a separate report form concurrently with the release of this report.

8.3. Disclosure of Highly Material Valuations

As of the report date, there has been no change in the parameters for disclosure and attachment of valuations, as published in the 2022 Periodic Report. The Company has updated some of the valuations of its properties as of June 30, 2023.

As specified in Section 9.3 of the board of directors' report included in the 2022 Periodic Report, which is included herein by reference, and after an examination of the relevant parameters according to ISA Staff Legal Position 105-23 on the parameters for examination of the materiality of valuations, it transpires that the Company has no highly material valuation that is required to be attached to the report.

8.4. Subsequent events

See Note 6 to the financial statements as of June 30, 2023.

8.5. Financials attributable to the Company as a Parent Company

In accordance with Sections 9C and 38D of the Regulations, financials out of the consolidated financial statements attributable to the Company as a parent company are attached with the auditor's opinion, in Chapter C.

8.6. Note on Forward-Looking Information

The Company's intentions mentioned in the introduction to the board of directors' report and the highlights to the board of directors' report, inter alia, in relation to the use of business opportunities and expansion of the operations, liquidity, financing sources and net financing expenses, the pace of progress of projects under construction, the projected costs of their construction, the effects of the economic situation on the Company's operating segments and with respect to possible debt raising, are forward-looking information as defined in the Securities Law, which is based on the Company's plans as of the report date, the Company's estimations with respect to developments in the markets, inflation levels and projected cash flows and on the conditions and possibilities of obtaining credit on the date of the Report.

Such estimations may not materialize, in whole or in part, or materialize in a manner that materially differs from the Company's estimations. The principal factors that may affect the above are: changes in the capital market that will affect the conditions and possibilities of obtaining credit, changes in the Company's plans, including use of future available liquid balances for the purpose of seizing business opportunities, changes in the advantageousness of holding various investment channels or the advantageousness of use of various financing channels, delays in the obtainment of permits or approvals required for the progress of projects under construction, changes in the regulation related to the Company's business, including planning and building regulation, an increase in the prices of construction materials, changes in the CPI, deterioration of the Israeli or U.S. economy and decline into severe recession, and the Company or any of the Group's companies encountering financing or other difficulties, in a manner affecting the Company's cash flow.

The Company's board of directors and management wish to express their high regard for the Company's officers, the managements of the various companies of the Group and their employees, for their welcome contribution to the Group's achievements in the quarter ended June 30, 2023.

PART B

Update of the Description of the Corporation's Business

AZRIELI GROUP LTD.

Update of the Description of the Corporation's Business Chapter in the Company's Periodic Report as of December 31, 2022 (the "**Periodic Report**")[1]

In accordance with Section 39A of the Securities Regulations (Periodic and Immediate Reports), 5730-1970, specified below are material developments that occurred in the Company's business during the six and three months ended June 30, 2023 and until the Report Release Date, with respect to which no disclosure has yet been made in the Periodic Report, according to the order of the sections in the Description of the Corporation's Business chapter in the Periodic Report. The terms in this chapter shall bear the meaning afforded thereto in the Periodic Report, unless explicitly stated otherwise.

In this chapter: the "**Report Release Date**" – August 17, 2023; the "**Date of the Statement of Financial Position**" and the "**Report Date**" – June 30, 2023; the "**Board of Directors' Report**" – the Board of Directors' Report on the State of the Company's Affairs for the six and three months ended June 30, 2023.

1. Developments that occurred in the Group's structure and business until the Report Release Date

Update to Section 1.3 of the Description of the Corporation's Business chapter:

For details regarding: (1) the development pipeline; (2) the acquisition of companies operating in the data centers segment in England; (3) engagement in an agreement for the provision of DC services; (4) changes in the office of senior officers of the Company; (5) engagement in a joint venture for the construction of a DC campus in the Frankfurt region of Germany; (6) acquisition of the Red Rock Hotel in Eilat; (7) winning a tender for the construction of a rental housing project in Herzliya; (8) agreement for the sale of holdings in Compass; and (9) financing transactions, see Section 1.2.3 of Chapter A hereof.

2. Dividends

Update to Section 4 of the Description of the Corporation's Business chapter:

On May 11, 2023, the Company paid a dividend to its shareholders in the sum total of approx. NIS 700 million. For details, see Section 1.2.4 of Chapter A hereof.

3. Development Pipeline

Update to Section 7.7 of the Description of the Corporation's Business chapter:

During the report period, the Group continued to invest in the development and construction of new properties, as well as in the expansion and renovation of existing properties. For further details, see Section 4 of Chapter A hereof. Below are updates in connection with the development pipeline and betterment of existing properties:

Azrieli Eilat mall – A zoning plan was recently approved for the addition of 500 sqm of main areas, and the Company is working on obtaining a permit to exercise the rights.

[1] As reported by the Company on March 22, 2023 (Ref.: 2023-01-029847), which is incorporated herein by reference.

Expansion of Tel Aviv Azrieli Center (Spiral Tower) – In June 2023, an above ground building permit was received for the entire project and the construction work is ongoing.

Azrieli Town E Building – In June 2023, after a discussion was held on the objections in the zoning plan deposited by the Company for the addition of rights in the scope of gross 90,520 sqm above-ground areas, the Local Committee's decision was made, that approved the plan under conditions and the Company is working to fulfill the conditions.

Rental Housing Project in Herzliya – In April 2023, the Company won the tender of *Dira Lehaskir* (Apartment for Rent) – Rental Housing Government Company Ltd. and Israel Land Authority, for the purchase of lease rights in a complex located in Herzliya (near Kibbutz Glil Yam).

According to the provisions of the tender, the land is designated for a multi-family residential building, for the purpose of long-term lease, for a period of no less than 20 consecutive years from the date of completion of construction. The project is expected to include 147 residential units and retail areas. One half of the apartments in the project will be leased in a supervised rent that will be 80% of the free market rent. The Company is working to promote building permits for the project.

Red Rock Hotel in Eilat – In May 2023, the Company purchased the Red Rock Hotel in Eilat. In this context, the full rights to the land, also known as Parcels 5 and 6 in Block 40187 were purchased, on a total area of approx. 9,000 sqm, on which the hotel is built, including existing and future building rights as well as the operation of the hotel and the equipment therein and other related rights. The Company is working with the planning authorities to formulate a planning outline in order to realize the building rights for the construction of a new hotel. In the interim period, the Company will continue operating the property in its current form.

Auditors' review report to the shareholders of

Azrieli Group Ltd.

Introduction

We have reviewed the accompanying financial information of **Azrieli Group Ltd.**, the company and consolidated companies (the "**Company**") which includes the Condensed Consolidated Statement of Financial Position as of June 30, 2023 and the Condensed Consolidated Statements of Profit or Loss and other Comprehensive Income, Changes in Capital and Cash Flows for the six- and three-month periods then ended. The board of directors (the "**Board**") and management are responsible for the preparation and presentation of the financial information for these interim periods in accordance with IAS 34 "Interim Financial Reporting", and they are responsible for the preparation of information for these interim periods under Chapter D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970. Our responsibility is to express a conclusion on this interim financial information, based on our review.

Scope of Review

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel – "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Generally Accepted Auditing Standards in Israel, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying financial information has not been prepared, in all material respects, in accordance with IAS 34.

In addition to the statements in the previous paragraph, based on our review, nothing has come to our attention which causes us to believe that the accompanying financial information does not meet, in all material respects, the disclosure provisions under Chapter D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970.

AZRIELI GROUP LTD.

Notes to the Condensed Consolidated Financial Statements

as of June 30, 2023

Note 1 – General

A. Azrieli Group Ltd. (the "**Company**") is a company domiciled and incorporated in Israel and whose registered address is 1 Azrieli Center, Tel Aviv. The Company is listed on TASE and is included, *inter alia*, in the "Tel Aviv 35" Index and in the "Tel Aviv Real Estate" Index. The Company has series of bonds (Series B and D-H) that have been issued to the public. The Group's Consolidated Financial Statements as of June 30, 2023 include those of the Company and of its subsidiaries (jointly, the "**Group**"), as well as the Group's rights in associates and in jointly-controlled entities.

As of the report release date, Azrieli Holdings Inc., the controlling shareholder of the Company ("**Azrieli Holdings**"), directly and/or indirectly holds (through its holding of the entire share capital of Nadav Investments Inc.), (both private companies registered in Canada), approx. 55.62% of the Company's share capital and approx. 61.31% of the Company's voting rights.

As the Company was informed, each one of Sharon Azrieli, Naomi Azrieli and Danna Azrieli, holds, directly and through a Canadian holding corporation controlled by them ("**Canadian Holding Corporation**"), approx. 27.24% of the capital rights in Azrieli Holdings and approx. 33.13% of the voting rights in Azrieli Holdings, and they jointly hold approx. 81.73% of the capital rights in Azrieli Holdings and approx. 99.39% of the voting rights therein. The remainder of Azrieli Holdings' shares are mainly held by the Azrieli Foundation of Canada (an interested party of the Company), which holds (indirectly, through a holding of shares of a Canadian Holding Corporation) approx. 15.93% of Azrieli Holdings' shares, with no voting rights (which constitutes, indirectly, a holding of approx. 8.86% of the capital rights of the Company), in addition to and separately from its direct holding of approx. 8.55% of the capital and voting rights in the Company.

As of the report date, Sharon Azrieli, Naomi Azrieli and Danna Azrieli are the Company's controlling shareholders.

B. These Condensed Consolidated Statements should be reviewed in the context of the Group's annual financial statements as of December 31, 2022, and for the year then ended (the "**Annual Financial Statements**"), and the notes attached thereto.

Note 2 – Significant Accounting Policies

A. The basis for the preparation of the Financial Statements:

The Group's condensed consolidated financial statements ("**Interim Financial Statements**") were prepared in accordance with IAS 34 – Interim Financial Reporting ("**IAS 34**").

In the preparation of these Interim Financial Statements the Group has applied the accounting policy, rules of presentation and methods of calculation identical to those used in the preparation of its financial statements as of December 31, 2022 and for the year then ended.

The condensed consolidated financial statements were prepared in accordance with the disclosure provisions in Chapter D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970.

B. Use of estimates and discretion:

(1) In the preparation of the condensed financial statements in accordance with IFRS, the Group's managements are required to use discretion, evaluations, estimates and assumptions which affect the application of the policy and the amounts of assets and liabilities, revenues and expenses. It is clarified that the actual results may differ from such estimates.

The evaluations and discretion used by management to apply the accounting policy and prepare the Consolidated Interim Financial Statements were identical to those used in the preparation of the Financial Statements as of December 31, 2022.

(2) Further to Note 3B to the Annual Financial Statements, as of June 30, 2023, the Group has updated the valuations of some of its investment properties.

The valuations were prepared by independent outside real estate appraisers with the appropriate professional qualifications.

The valuations of investment and under-construction properties were prepared primarily according to the method of discounting the cash flows expected to result from the properties. For details regarding the cap rates and the sensitivity to changes in the interest rates of the investment property cap rates, see Note 4D.

For the other properties, in the Company's estimation no significant changes have occurred in the value of the real estate as compared with the last time at which a valuation was prepared.

Note 2 – Significant Accounting Policies (Contd.)

C. Rates of exchange and linkage basis:

(1) Balances that are stated in foreign currency or linked thereto are recorded in the Financial Statements according to the representative exchange rates published by the Bank of Israel and which were effective as of the end of the report period.

(2) Balances that are linked to the Consumer Price Index (CPI) are presented according to the last known CPI at the end of the report period (the CPI for the month preceding the month of the date of the financial statement) or according to the CPI for the last month of the report period (the CPI of the month of the financial statement), according to the terms and conditions of the transaction.

(3) The following is data on the significant exchange rates and the CPI:

Note 3 – Material Events during the Report Period

A. On March 21, 2023, the Company's Board decided upon the distribution of a dividend to the shareholders of the Company in the sum of NIS 700 million (reflecting an amount of NIS 5.36 per share), which was paid on May 11, 2023.

B. Further to Note 11H to the Annual Financial Statements, on June 23, 2022, the Company engaged, through a designated subsidiary, in an agreement with English companies (in this section: the "**Sellers**") for the acquisition of the full holdings of the Sellers in two companies:

A company that is leasing, from a third party, a land on which an active data center is located in eastern London and another company that is the owner of vacant land adjacent to the active data center.

The overall consideration in the transaction is in the sum of approx. £52 million (approx. NIS 217 million).

On January 23, 2023, all of the closing conditions were fulfilled and the transaction was closed.

C. Further to Note 17B(6) to the Annual Financial Statements, as of the report date, GM is in compliance with the covenants specified in such note, including the debt coverage ratio. Accordingly, the loan was classified as long-term.

D. On March 30, 2023, GM engaged, through a company wholly-owned thereby, in a joint venture with a German company that engages in the supply of power and energy ("**KMW**"; and jointly with GM, the "**Parties**") for the construction of a data centers campus that shall comprise several buildings in the Frankfurt region of Germany (the "**Agreement**"). The joint venture will be held and financed in equal shares by the Parties.

The Group treats the acquisition as a joint arrangement which constitutes a joint venture and presented accordingly in the Company's financial statements at the equity method.

In accordance with the Agreement, GM will provide the joint venture with various services such as project management, marketing and sales services. KMW will supply the power capacity required for operation of the campus (which is guaranteed immediately), using 100% renewable energy from environmentally-friendly sources.

Three buildings may be built on the land where the campus is to be built, such that the maximum capacity in the campus can reach ~54MW.

As of the report date, the Company intends to finance its share in the joint venture using its internal resources and/or through bank or institutional financing. In addition, the Agreement provides for the possibility of the joint venture obtaining external financing.

Note 3 – Material Events during the Report Period (Cont.)

E. On April 16, 2023, the Company entered into an agreement for the acquisition of the Red Rock Hotel in Eilat (in this section: the "**Agreement**" and the "**Transaction**", respectively). The property, the subject matter of the Transaction, includes all of the seller's rights in the land in Eilat, with a total area of approx. 9,000 sqm on which the Red Rock Hotel in Eilat is built, including existing and future building rights and the hotel's operations and equipment, as well as additional related rights of the seller.

On May 11, 2023, the Transaction was closed and possession of the property was transferred to the Company. On such closing date the Company paid the seller the sum of approx. NIS 130 million.

F. On April 27, 2023, the Company won a tender of Dira Lehaskir - The State-Owned Rental Housing Company Ltd. and the Israel Land Authority, for the purchase of leasehold rights in a site located in Herzliya (near Kibbutz Glil Yam), in consideration for approx. NIS 85 million plus VAT, as well as approx. NIS 19 million in development expenses.

According to the provisions of the tender, the land is intended for multi-family residential construction, for long-term rental for a period no less than 20 consecutive years from the date of closing of the transaction. The project is expected to include 147 apartments and retail space. One half of the apartments in the project will be leased under controlled rent in the sum of 80% of free market rent.

In July 2023, the transaction was closed and the balance of the payment was transferred.

G. Further to Note 8C to the Annual Financial Statements, in January 2023 an additional round of investment was made in Compass, in the context of which the Company invested approx. US$41.5 million (approx. NIS 144 million), such that after this investment, the Company holds approx. 32.5% of Compass' members' capital.

On June 20, 2023, the Company's partners in Compass announced that they had engaged in an agreement for the sale of holdings in Compass for a sum reflecting a valuation for Compass of approx. US$5.7 billion (approx. NIS 21.1 billion) and a net value of approx. US$2.7 billion (approx. NIS 10 billion) (in this section: the "**Transaction**"), and that according to the mechanism set forth in the Compass unitholders' agreement, the Company will tag along and sell its holdings in Compass for the same value. Accordingly, the investment was classified in the current assets as a non-current asset held for sale.

Out of the aforesaid net value, based on which the Company will sell its holdings in Compass, an amount of approx. US$0.2 billion (approx. NIS 0.7 billion) is contingent on Compass' engagement in a contract with a certain customer as specified in the agreement for the sale of the partners' holdings. According to information provided to the Company, Compass is expected to meet such condition.

The Transaction is subject to closing conditions of receipt of regulatory approvals.

Note 3 – Material Events during the Report Period (Cont.)

G. (Cont.)

Insofar as the Transaction is closed, the profit (before tax and expenses) expected to the Company is approx. NIS 1.3 billion.

The Company engaged with several financial corporations for future hedging of some of the future cash flows that the Company expects to derive on the Transaction closing date.

Note 4 – Fair Value of Financial Instruments

A. Fair value of financial instruments vs. book value:

Other than as specified in the following table, the Group believes that the book value of the financial assets and liabilities that are presented in depreciated cost in the financial statements is almost identical to their fair value.

	As of June 30, 2023		As of June 30, 2022		As of Dec. 31, 2022	
	Book Value	Fair Value	Book Value	Fair Value	Book Value	Fair Value

(1) Book value includes current maturities and accrued interest.

(2) The calculation of the fair value of the bonds is according to fair value level 1.

Note 4 – Fair Value of Financial Instruments (Cont.)

B. Interest rates used in the determination of the fair value:

The interest rates used in the discounting of the expected cash flows, where relevant, are based on the government yield curve for each individual type of loan, as of the report date, plus an appropriate fixed credit margin, and were as follows:

	As of June 30		As of December 31
	2023	2022	2022
	%	%	%
Non-current liabilities:			
Loans from financial corporations	2.85-8.31	7.37-(1.22)	1.88-7.98

Dear Sir/Madam,

Re: Special report for review of the separate interim financial statement pursuant to Regulation 38D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970

We have reviewed the separate interim financial statement, which is presented according to Regulation 38D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970, of **Azrieli Group Ltd.** (the "**Company**") as of June 30, 2023 and for the six- and three-month periods then ended. The board of directors and management are responsible for the preparation and presentation of this separate interim financial information in accordance with Section 38D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970 . Our responsibility is to express a conclusion on the separate interim financial statement for these interim periods, based on our review.

Scope of Review

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel – "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of separate interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Generally Accepted Auditing Standards in Israel, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing had come to our attention that causes us to believe that the aforementioned separate interim financial statement has not been prepared, in all material respects, in accordance with the provisions of Regulation 38D of the Securities Regulations (Periodic and Immediate Reports), 5730-1970.

Effectiveness of Internal Control over the Financial Reporting and Disclosure

ATTACHED HERETO IS A QUARTERLY REPORT ON THE EFFECTIVENESS OF INTERNAL CONTROL OVER FINANCIAL REPORTING AND DISCLOSURE PURSUANT TO REGULATION 38C(A):

The management, under the supervision of the Board of Directors of Azrieli Group Ltd. (the "**Corporation**"), is responsible for setting and maintaining proper internal control over financial reporting and disclosure at the Corporation.

For this purpose, the members of management are:

1 | **Eyal Henkin**, CEO

2 | **Ariel Goldstein**, CFO

3 | **Nirit Zeevi**, VP, General Counsel and Corporate Secretary

4 | **Yaacov Danino**, Chief Comptroller for Accounting and Financial Statements

Internal control over financial reporting and disclosure consists of controls and procedures existing at the Corporation, designed by, or under the supervision of, the CEO and the most senior financial officer, or by anyone actually performing such functions, under supervision of the Board of Directors of the Corporation, and which are designed to provide reasonable assurance regarding the reliability of the financial reporting and the preparation of the reports according to the provisions of the law, and to ensure that information which the Corporation is required to disclose in reports released thereby according to the law is gathered, processed, summarized and reported within the time frames and in the format set forth by the law.

Internal control includes, *inter alia*, controls and procedures designed to ensure that information which the Corporation is thus required to disclose, is gathered and transferred to the management of the Corporation, including the CEO and the most senior financial officer, or anyone actually performing such functions, in order to enable the timely decision making in reference to the disclosure requirements.

Due to its inherent limitations, internal control over financial reporting and disclosure is not designed to provide absolute assurance that misrepresentation or omission of information in the reports is avoided or discovered.

In the quarterly report regarding the effectiveness of internal control over financial reporting and disclosure, which was attached to the quarterly report for the period ended March 31, 2023 (the "**Most Recent Quarterly Report on Internal Control**"), the internal control was found to be effective.

Until the report date, no occurrence or issue were brought to the knowledge of the Board of Directors and the management, which may change the evaluation of the effectiveness of the internal control as found in the Most Recent Quarterly Report on Internal Control.

As of the report date, based on what was stated in the Most Recent Quarterly Report on Internal Control, and based on information which was brought to the knowledge of the management and the Board of Directors as aforesaid: the internal control is effective.

STATEMENT OF MANAGERS:

STATEMENT OF CEO PURSUANT TO REGULATION 38C(D)(1):

I, Eyal Henkin, represent that:

1. I have reviewed the quarterly report of Azrieli Group Ltd. (the "**Corporation**") for Q2/2023 (the "**Reports**").
2. To my knowledge, the Reports do not contain any misrepresentation nor omission of a material fact required for the representations included therein, given the circumstances under which such representations were included, not to be misleading with regard to the period of the Reports.
3. To my knowledge, the Financial Statements and other financial information included in the Reports adequately reflect, in all material respects, the financial position, operating results and cash flows of the Corporation for the periods and as of the dates covered by the Reports.
4. I have disclosed to the Corporation's auditor and to the Corporation's Board of Directors and the Audit Committee and Financial Statement Committee, based on my most current evaluation of internal control over financial reporting and disclosure:
    a. Any and all significant flaws and material weaknesses in the setting or maintaining internal control over financial reporting and disclosure which may reasonably adversely affect the Corporation's ability to gather, process, summarize or report financial information in a manner which casts doubt on the reliability of the financial reporting and preparation of the Financial Statements in conformity with the provisions of the law; and –
    b. Any fraud, either material or immaterial, which involves the CEO or anyone reporting to him directly or which involves other employees who play a significant role in internal control over financial reporting and disclosure;
5. I, myself or jointly with others at the Corporation:
    a. Have set controls and procedures, or confirmed, under my supervision, the setting and maintaining of controls and procedures which are designed to ensure that material information in reference to the Corporation, including consolidated companies thereof as defined in the Securities Regulations (Annual Financial Statements), 5770-2010, is brought to my knowledge by others at the Corporation and the consolidated companies, particularly during the preparation of the Reports; and –
    b. Have set controls and procedures, or confirmed, under my supervision, the setting and maintaining of controls and procedures which are designed to reasonably ensure reliability of financial reporting and preparation of the Financial Statements in conformity with the provisions of the law, including in conformity with GAAP.
    c. No occurrence or issue have been brought to my attention, that occurred during the period between the date of the most recent periodic report and the date of this report date, which may change the conclusion of the Board of Directors and management with regard to the effectiveness of internal control over the Corporation's financial reporting and disclosure.

The aforesaid does not derogate from my responsibility or from the responsibility of any other person, pursuant to any law.

STATEMENT OF MANAGERS:

STATEMENT OF THE MOST SENIOR FINANCIAL OFFICER PURSUANT TO REGULATION 38C(D)(2):

I, Ariel Goldstein, represent that:

1. I have reviewed the Interim Financial Statements and other financial information included in the interim reports of Azrieli Group Ltd. (the "**Corporation**") for Q2/2023 (the "**Reports**" or the "**Interim Reports**");
2. To my knowledge, the Interim Financial Statements and the other financial information included in the Interim Reports do not contain any misrepresentation nor omission of a material fact required for the representations included therein, given the circumstances under which such representations were included, not to be misleading with regard to the period of the Reports.
3. To my knowledge, the Interim Financial Statements and other financial information included in the Interim Reports adequately reflect, in all material respects, the financial position, operating results and cash flows of the Corporation for the periods and as of the dates covered by the Reports;
4. I have disclosed to the Corporation's auditor and to the Corporation's Board of Directors and the Audit Committee and Financial Statement Committee, based on my most current evaluation of internal control over financial reporting and disclosure:
   a. Any and all significant flaws and material weaknesses in the setting or maintaining internal control over financial reporting and disclosure, insofar as it relates to the Interim Financial Statements and the other information included in the Interim Reports, which may reasonably adversely affect the Corporation's ability to gather, process, summarize or report financial information in a manner which casts doubt on the reliability of financial reporting and preparation of the Financial Statements in conformity with the provisions of the law; and -
   b. Any fraud, either material or immaterial, which involves the CEO or anyone reporting to him directly or which involves other employees who play a significant role in internal control over financial reporting and disclosure;
5. I, myself or jointly with others at the Corporation-
   a. Have set controls and procedures, or confirmed, under my supervision, the setting and maintaining of controls and procedures which are designed to ensure that material information in reference to the Corporation, including consolidated companies thereof as defined in the Securities Regulations (Annual Financial Statements), 5770-2010, is brought to my knowledge by others at the Corporation and the consolidated companies, particularly during the preparation of the Reports; and -
   b. Have set controls and procedures, or confirmed, under my supervision, the setting and maintaining of controls and procedures which are designed to reasonably ensure reliability of financial reporting and preparation of the Financial Statements in conformity with the provisions of the law, including in conformity with GAAP;
   c. No occurrence or issue have been brought to my attention, that occurred during the period between the date of the most recent periodic report and the date of this report date, pertaining to the Interim Financial Statements and any other information included in the Interim Reports, which could, in my opinion, change the conclusion of the Board of Directors and management with regard to the effectiveness of internal control over the Corporation's financial reporting and disclosure.

The aforesaid does not derogate from my responsibility or from the responsibility of any other person, pursuant to any law.
